2. to fix the number of directors to be elected at the Meeting at seven (7);
3. to consider and, if thought appropriate, to elect directors of the Corporation;
4. to consider and, if thought appropriate, to appoint the auditors of the Corporation, authorizing the directors to fix their remuneration as such; and
5. to transact such further and other business as may properly come before the Meeting or any adjournment or adjournments thereof.

The nature of the business to be transacted at the Meeting and the specific details of the matters proposed to be put to the Meeting are described in further detail in the accompanying management information circular of the Corporation dated March 17, 2020.

The record date for the determination of Shareholders entitled to receive notice of and to vote at the Meeting is March 17, 2020 (the "**Record Date**"). Shareholders of Gear whose names have been entered in the register of Shareholders at the close of business on that date will be entitled to receive notice of and vote at the Meeting, provided that, to the extent a Shareholder transfers the ownership of any of his or her Common Shares after such date and the transferee of those Common Shares establishes that he or she owns the Common Shares and requests, not later than 10 days before the Meeting, to be included in the list of Shareholders eligible to vote at the Meeting, such transferee will be entitled to vote those Common Shares at the Meeting.

A Shareholder may attend the Meeting in person or may be represented by proxy. Shareholders who are unable to attend the Meeting or any adjournment thereof in person are requested to date, sign and return the accompanying form of proxy for use at the Meeting or any adjournment thereof. To be effective, the enclosed proxy must be mailed so as to reach or be deposited with Computershare Trust Company of Canada, Proxy Dept., 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1, or by facsimile at 1-866-249-7775, not later than forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays in the Province of Alberta) prior to the time set for the Meeting or any adjournment thereof. Registered Shareholders may also use the internet site at www.investorvote.com to transmit their voting instructions or vote by phone at 1-866-732-VOTE (8683) (toll free within North America) or 1-312-588-4290 (outside North America).

The instrument appointing a proxy shall be in writing and shall be executed by the Shareholder or his or her attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal by an officer or attorney thereof duly authorized.

The persons named in the enclosed form of proxy are directors and/or officers of the Corporation. Each Shareholder has the right to appoint a proxyholder other than such persons, who need not be a Shareholder, to attend and to act for such Shareholder and on such Shareholder's behalf at the Meeting. To exercise such right, the names of the nominees of management should be crossed out and the name of the Shareholder's appointee should be legibly printed in the blank space provided.

Gear intends to hold the Meeting in person. However, in view of the current and rapidly evolving COVID-19 outbreak, Gear asks that, in considering whether to attend the Meeting in person, Shareholders follow the instructions of the Public Health Agency of Canada (PHAC) (www.canada.ca/en/public-health.html) and Alberta Health Services (www.albertahealthservices.ca). Access to the Meeting will, subject to Gear's by-laws, be limited to essential personnel and registered Shareholders and proxyholders entitled to attend and vote at the Meeting. Gear encourages Shareholders not to attend the Meeting in person, particularly if they are experiencing any of the described COVID-19 symptoms of fever,

cough or difficulty breathing. As always, Gear encourages Shareholders to vote their Common Shares prior to the Meeting following the instructions set out in the form of proxy or voting instruction form received by such Shareholders.

Gear may take additional precautionary measures in relation to the Meeting in response to further developments with the COVID-19 outbreak. In the event it is not possible or advisable to hold the Meeting in person, Gear will announce alternative arrangements for the Meeting as promptly as practicable, which may include holding the Meeting entirely by electronic means, telephone or other communication facilities. Please monitor our website at www.gearenergy.com for updated information.

GEAR ENERGY LTD.
MANAGEMENT INFORMATION CIRCULAR
FOR THE ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON WEDNESDAY, MAY 6, 2020
DATED: MARCH 17, 2020

Solicitation of Proxies

This management information circular (this "**Information Circular**") is furnished in connection with the solicitation of proxies by the management of Gear Energy Ltd. ("**Gear**" or the "**Corporation**") for use at the annual meeting (the "**Meeting**") of the holders ("**Shareholders**") of common shares ("**Common Shares**") of the Corporation to be held on Wednesday, May 6, 2020 at 3:00 p.m. (Calgary time) in the Bow Valley Square Conference Centre, Angus/Northcote Room, Suite 300, 205 – 5th Avenue SW, Calgary, Alberta and at any adjournment thereof, for the purposes set forth in the Notice of Annual Meeting.

Forms of proxy must be addressed to and reach Computershare Trust Company of Canada, Proxy Dept., 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1, or by facsimile at 1-866-249-7775, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for the holding of the Meeting or any adjournment thereof.

The board of directors of the Corporation (the "**Board**") has fixed the record date for the Meeting at the close of business on March 17, 2020 (the "**Record Date**").

Registered shareholders may also use the internet site at www.investorvote.com to transmit their voting instructions or vote by phone at 1-866-732-VOTE (8683) (toll free within North America) or 1-312-588-4290 (outside North America). Shareholders should have the form of proxy in hand when they access the website and will be prompted to enter their control number, which is located on the form of proxy. If Shareholders vote by internet, their vote must be received not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for the holding of the Meeting. The website may be used to appoint a proxy holder to attend and vote on a Shareholder's behalf at the Meeting and to convey a Shareholder's voting instructions.

Shareholders of record as at the Record Date are entitled to receive notice of the Meeting and to vote their Common Shares, included in the list of Shareholders entitled to vote at the Meeting prepared as at the Record Date, except to the extent that any such Shareholder transfers their Common Shares after the Record Date and the transferee of such Common Shares, having produced properly endorsed certificates evidencing such Common Shares or having otherwise established that he or she owns such Common Shares, demands, not later than ten (10) days before the Meeting, that the transferee's name be included in the list of Shareholders entitled to vote at the Meeting, in which case such transferee shall be entitled to vote such Common Shares at the Meeting.

Unless otherwise stated, information provided in this Information Circular is given as at March 17, 2020.

The instrument appointing a proxy shall be in writing and shall be executed by the Shareholder or the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

The persons named in the enclosed form of proxy are directors and officers of the Corporation. Each Shareholder has the right to appoint a proxyholder other than the persons designated above, who need not be a Shareholder, to attend and to act for the Shareholder at the Meeting. To exercise such right, the names of the nominees of management should be crossed out and the name of the Shareholder's appointee should be legibly printed in the blank space provided.

Beneficial Holders of Common Shares

The information set forth in this section is provided to beneficial holders of Common Shares who do not hold their Common Shares in their own name ("**Beneficial Shareholders**"). Beneficial Shareholders should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Beneficial Shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the Beneficial Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominees for many Canadian brokerage firms). Common Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, the broker/nominees are prohibited from voting Common Shares for their clients. The Corporation does not know for whose benefit the Common Shares registered in the name of CDS & Co. are held.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically provides a scannable voting request form or applies a special sticker to the proxy forms, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the voting request forms or proxy forms to Broadridge. Often Beneficial Shareholders are alternatively provided with a toll-free telephone number to vote their shares or website address where shares can be voted. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder receiving a voting instruction request or a proxy with a Broadridge sticker on it cannot use that instruction request or proxy to vote Common Shares directly at the Meeting as the proxy must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted. Accordingly, it is strongly suggested that Beneficial Shareholders return their completed instructions or proxies as directed by Broadridge well in advance of the Meeting.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker (or agent of the broker), a Beneficial Shareholder may attend the Meeting as proxyholder for the registered Shareholder and vote their Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered Shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Notice-And-Access

Gear has elected to use the "notice-and-access" provisions under National Instrument 54-101 – *Communications with Beneficial Owners of Securities of a Reporting Issuer* (the "**Notice-and-Access Provisions**") for the meeting in respect of mailings to Beneficial Shareholders but not in respect of mailings to registered Shareholders. The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials which are mailed to shareholders by allowing a reporting issuer to post an information circular in respect of a meeting of its shareholders and related materials online.

Gear has also elected to use procedures known as 'stratification' in relation to the use of the Notice-and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of an information circular and, if applicable, a paper copy of financial statements and related management's discussion and analysis ("**Financial Information**"), to some shareholders together with a notice of a meeting of its shareholders. In relation to the Meeting, registered Shareholders will receive a paper copy of the Notice of Annual Meeting, this Information Circular and a form of proxy whereas Beneficial Shareholders will receive a notice containing information prescribed by the Notice-and-Access Provisions and a voting instruction form. Furthermore, a

paper copy of the Financial Information in respect of Gear's most recently completed financial year was mailed to all registered Shareholders and those Beneficial Shareholders who previously requested to receive such information.

Revocability of Proxy

A Shareholder who has submitted a proxy may revoke it at any time prior to the exercise thereof. If a person who has given a proxy attends personally at the Meeting at which such proxy is to be voted, such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the Shareholder or the Shareholder's attorney authorized in writing deposited either at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof prior to the commencement of the Meeting.

Persons Making the Solicitation

The solicitation is made on behalf of the management of the Corporation. The costs incurred in the preparation and mailing of the enclosed form of proxy, Notice of Annual Meeting and this Information Circular will be borne by the Corporation. In addition to solicitation by mail, proxies may be solicited by personal interviews, telephone or other means of communication and by directors, officers and employees of the Corporation, who will not be specifically remunerated therefore.

Exercise of Discretion by Proxy

The Common Shares represented by proxy in favour of management nominees shall be voted on any ballot at the Meeting and, where the Shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares shall be voted or withheld from voting on any ballot in accordance with the specification so made.

In the absence of such specification, the Common Shares will be voted in favour of the matters to be acted upon. The persons appointed under the form of proxy furnished by the Corporation are conferred with discretionary authority with respect to amendments or variations of those matters specified in the enclosed form of proxy, the Notice of Annual Meeting and this Information Circular. At the time of printing this Information Circular, management of the Corporation knows of no such amendment, variation or other matter.

Attendance at Meeting Discouraged in light of COVID-19 Pandemic

Gear intends to hold the Meeting in person. However, in view of the current and rapidly evolving COVID-19 outbreak, Gear asks that, in considering whether to attend the Meeting in person, Shareholders follow the instructions of the Public Health Agency of Canada (PHAC) (www.canada.ca/en/public-health.html) and Alberta Health Services (www.albertahealthservices.ca). Access to the Meeting will, subject to Gear's by-laws, be limited to essential personnel and registered Shareholders and proxyholders entitled to attend and vote at the Meeting. Gear encourages Shareholders not to attend the Meeting in person, particularly if they are experiencing any of the described COVID-19 symptoms of fever, cough or difficulty breathing. As always, Gear encourages Shareholders to vote their Common Shares prior to the Meeting following the instructions set out in the form of proxy or voting instruction form received by such Shareholders.

Gear may take additional precautionary measures in relation to the Meeting in response to further developments with the COVID-19 outbreak. In the event it is not possible or advisable to hold the Meeting in person, Gear will announce alternative arrangements for the Meeting as promptly as practicable, which may include holding the Meeting entirely by electronic means, telephone or other communication facilities. Please monitor our website at www.gearenergy.com for updated information.

Majority Voting for Directors

The Board has adopted a policy (the "**Majority Voting Policy**") stipulating that if the number of Common Shares voted in favour of the election of a particular director nominee at a Shareholders' meeting is less than the number of Common Shares withheld from voting for that nominee, the nominee will immediately submit his or her resignation to the Board, with the resignation to take effect when and if such resignation is accepted by the Board. The

Compensation and Governance Committee will consider the director nominee's offer to resign and will make a recommendation to the Board as to whether or not to accept the resignation. The Compensation and Governance Committee will be expected to recommend acceptance of the resignation except in exceptional circumstances.

The Board will consider the Compensation and Governance Committee's recommendation and make a decision as to whether to accept the director's offer to resign within 90 days of the date of the meeting. The decision of the Board will be announced by way of a press release, which, if the Board has decided to reject such resignation, will include the reasons for rejecting the resignation. No director who is required to tender his or her resignation shall participate in the deliberations or recommendations of the Compensation and Governance Committee or the Board. The Board shall accept the resignation absent any exceptional circumstances.

If a director's offer of resignation is accepted, at the Board's discretion, it may fill the vacancy through the appointment of a new director whom the Board considers appropriate in accordance with the Corporation's by-laws and articles and applicable laws. The Majority Voting Policy does not apply in circumstances involving contested director elections.

A copy of the Majority Voting Policy is available on Gear's website at www.gearenergy.com.

Advance Notice By-law

The Corporation has adopted an advance notice by-law regarding advance notice of nominations of directors of the Corporation (the "**Advance Notice By-law**"). The Advance Notice By-law provides that advance notice to the Corporation must be made in circumstances where nominations of persons for election to the Board are made by Shareholders other than pursuant to: (a) a "proposal" made in accordance with the ABCA; or (b) a requisition of a meeting made pursuant to the ABCA.

The Advance Notice By-law fixes a deadline by which Shareholders must submit director nominations to the Chief Financial Officer of the Corporation prior to any annual or special meeting of Shareholders and outlines the specific information that a nominating Shareholder must include in the written notice to the Chief Financial Officer of the Corporation for an effective nomination to occur. No person nominated by a Shareholder will be eligible for election as a director of the Corporation unless nominated in accordance with the provisions of the Advance Notice By-law.

In the case of an annual meeting of Shareholders, notice to the Chief Financial Officer of the Corporation must be made not less than 30 days and not more than 65 days prior to the date of the annual meeting; provided, however, that in the event that the annual meeting is to be held on a date that is less than 50 days after the date on which the first public announcement of the date of the annual meeting was made, notice may be made not later than the close of business on the 10th day following such public announcement. In the case of a special meeting of Shareholders (which is not also an annual meeting), notice to the Corporation must be made not later than the close of business on the 15th day following the day on which the first public announcement of the date of the special meeting was made.

The Board may, in its sole discretion, waive any requirement of the Advance Notice By-law.

A copy of the Advance Notice By-law is available on SEDAR at www.sedar.com and on Gear's website at www.gearenergy.com.

Corporate Cease Trade Orders or Bankruptcies

No proposed director is as at the date hereof, or has been, within 10 years of the date hereof, a director or chief executive officer or chief financial officer (or any executive officer, for the purpose of subsection (iii)) of any company, including the Corporation, that: (i) while that person was acting in that capacity, was the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days (an "**order**"); (ii) after that person ceased to act in that capacity, was the subject of an order that resulted from an event that occurred while that person was acting in the capacity as a director, chief executive officer or chief financial officer; or (iii) is or has, within 10 years before the date of this Information Circular become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or

became subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold its assets, while that person was acting in that capacity.

No proposed director has, within the ten (10) years before the date of this Information Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceeding, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Penalties or Sanctions

No proposed director has been subject to: (i) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or (ii) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security holder in deciding whether to vote for a proposed director.

4. Appointment of Auditors

Unless otherwise directed, it is management's intention to vote the proxies in favour of appointing the firm of Deloitte LLP, Chartered Professional Accountants, of Calgary, Alberta to serve as auditors of the Corporation until the next annual meeting of the Shareholders and to authorize the directors to fix their remuneration as such. The appointment of the auditors must be approved by a majority of votes cast by the Shareholders. Deloitte LLP has been the Corporation's auditors since March 2, 2010.

For information relating to the fees paid to Deloitte LLP in the two most recently completed financial years see the information set out under the heading "*Audit Committee Information*" in the Corporation's Annual Information Form dated March 16, 2020, which is available on SEDAR at www.sedar.com.

INFORMATION CONCERNING THE CORPORATION

Voting Securities and Principal Holders Thereof

As at March 17, 2020, 216,463,002 Common Shares were issued and outstanding, with each Common Share carrying the right to one (1) vote on a ballot at the Meeting. A quorum for the transaction of business at the Meeting will be present if not less than two (2) Shareholders representing not less than 25% of the Common Shares are present in person or by proxy.

The Record Date as of which Shareholders are entitled to vote at the Meeting has been fixed by the Corporation as March 17, 2020.

To the knowledge of the directors and senior officers of the Corporation, other than as noted below, as at the date hereof, no person or company beneficially owned, or controlled or directed, directly or indirectly, voting securities of the Corporation carrying more than 10% of the voting rights attached to any class of voting securities of the Corporation.

Burgundy Asset Management Ltd. ("Burgundy") owns or controls, directly or indirectly, 30,737,363 Common Shares, representing approximately 14.07% of the outstanding voting securities of the Corporation. Burgundy also owns or controls, directly or indirectly, \$11,476,000 aggregate principal amount of the 4.00% convertible unsecured subordinated debentures of Gear (the "Convertible Debentures"), of which there is currently \$13,204,000 million aggregate principal amount outstanding. The Convertible Debentures are convertible into Common Shares based on a conversion price of \$0.87 per Common Share. As a result, an aggregate of 13,190,805 Common Shares are issuable on conversion of the Convertible Debentures held by Burgundy. If Burgundy was to elect to convert all the Convertible Debentures it holds, Burgundy would hold 43,928,168 Common Shares representing approximately 20.1% of the issued and outstanding Common Shares (assuming the conversion of the Convertible Debentures by Burgundy and that no other Convertible Debentures are converted). The information with respect to the number of Common Shares

and the principal amount of Convertible Debentures held by Burgundy is based on information provided to the Corporation by Burgundy and such information has not been independently verified by the Corporation.

STATEMENT OF EXECUTIVE COMPENSATION

At no time in the two most recently completed financial years has the Corporation retained a compensation consultant or advisor to assist the Board or the Compensation and Governance Committee in determining the compensation of the directors or executive officers of the Corporation.

The Corporation's compensation philosophy includes a "pay-for-performance" element, which supports the Corporation's desire to deliver continuous, strong performance for its shareholders. In addition, the Corporation's compensation philosophy is aimed at attracting and retaining quality and experienced people, which is critical to the success of the Corporation for the benefit of its shareholders. Employee compensation, including executive officer compensation, is comprised of three elements: base salary, short-term incentive compensation (cash bonuses) and long-term incentive compensation (options ("**Options**") to purchase Common Shares under the Corporation's share option plan (the "**Option Plan**"). The Compensation and Governance Committee reviews all components in assessing the compensation paid to individual executive officers and paid by the Corporation as a whole. Salaries and bonuses are intended to provide current compensation and a short-term incentive for employees to meet the Corporation's goals, as well as to remain competitive with the industry. Options are granted as a long-term incentive and to encourage commitment to the Corporation.

When determining executive compensation, the Compensation and Governance Committee gives regard to the contributions made by officers, how their compensation levels relate to compensation packages that would be achievable from other opportunities, available salary survey data and other information publically disclosed by some of the Corporation's competitors and peers. As well, the Compensation and Governance Committee considers the Corporation's and individual's performance in relation to production, reserve growth, funds from operations (including, in each case, on a debt adjusted per share basis), debt (plus abandonment and reclamation) to funds from operations, shareholder returns and other strategic objectives.

The President and Chief Executive Officer ("**CEO**" or "**Chief Executive Officer**") of the Corporation is responsible for making recommendations to the Compensation and Governance Committee with respect to compensation for the executive officers of the Corporation, including the CEO. In making such recommendations, the CEO analyzes a number of factors including compensation data compiled from the Corporation's peer groups, corporate performance and individual executive officer performance. In assessing corporate performance, the Corporation does not have any pre-determined set targets, but the following factors are considered: (a) year over year growth in debt adjusted reserves value; (b) recycle ratio (netback relative to finding, development and acquisition costs); (c) relative total shareholder return; (d) corporate performance relative to budget and guidance; and (e) changes in net debt (including abandonment and reclamation obligations) relative to funds from operations. In assessing the performance of individual executive officers, consideration is given to objective factors such as level of responsibility, experience and expertise, as well as subjective factors such as leadership and performance in such executive officer's specific role with the Corporation. In evaluating corporate performance, management and the Board compare Gear's corporate performance relative to a benchmarking group of publicly traded junior energy companies. In 2019, the Corporation's benchmarking group included the following companies: Advantage Oil & Gas Ltd., Athabasca Oil Corporation, Birchcliff Energy Ltd., Bellatrix Exploration Ltd., Bonavista Energy Corporation, Bonterra Energy Corp., Cardinal Energy Ltd., Cequence Energy Ltd., Crew Energy Inc., Delphi Energy Corp., InPlay Oil Corp., Journey Energy Inc., Kelt Exploration Ltd., NuVista Energy Ltd., Obsidian Energy Ltd., Painted Pony Energy Ltd., Paramount Resources Ltd., Perpetual Energy Inc., Pengrowth Energy Corporation, Petrus Resources Ltd., Pine Cliff Energy Ltd., Prairie Provident Resources Inc., Razor Energy Corp., Storm Resources Ltd., Surge Energy Inc., Tamarack Valley Energy Ltd., TORC Oil & Gas Ltd. and Yangarra Resources Ltd.

The CEO then makes a recommendation to the Compensation and Governance Committee with respect to the various elements of compensation to be awarded to each executive officer. The CEO also presents his analysis of corporate performance and individual executive officer performance to the Compensation and Governance Committee.

Upon the receipt of such recommendation, the Compensation and Governance Committee reviews the evaluation in addition to the compensation data compiled with respect to the Corporation's peer group and determines whether to accept the recommendation or make any changes. Recommendations for executive compensation, as well as for compensation paid by the Corporation as a whole, are then made by the Compensation and Governance Committee to the Board for approval.

Short Sales, Puts, Calls and Options

The Corporation's Disclosure, Confidentiality and Trading Policy contains anti-hedging provisions. Directors, officers and employees of the Corporation shall not knowingly sell, directly or indirectly, a security of the Corporation if such person selling such security does not own or has not fully paid for the security to be sold. Directors, officers and employees of the Corporation shall not, directly or indirectly, buy or sell a call or put in respect of a security of the Corporation.

Elements of the Corporation's Executive Compensation Program

Each element of the Corporation's executive compensation program is described in more detail below.

Base Salaries

The Compensation and Governance Committee recognizes that the size of the Corporation prohibits base salary compensation for executive officers from matching those of larger companies in the oil and gas industry. The Compensation and Governance Committee does believe, however, that performance-based compensation plans are an important element in the compensation packages for the Corporation's executive officers, and that long-term equity interests, in the form of Options, compensate for lower base salaries. This compensation strategy is similar to the strategies of many other companies in the Corporation's benchmarking group.

In setting base compensation levels of individual executive officers, consideration is given to objective factors such as level of responsibility, experience and expertise, as well as subjective factors such as leadership. Base salaries paid to executive officers of the Corporation, including the CEO, are set to be competitive with industry levels relative to the Corporation's peer group. Salaries of executive officers, including that of the CEO, are reviewed annually.

Since 2018, there have been no changes to the salaries of Named Executive Officers.

Bonuses

The Corporation has a discretionary bonus plan and the basis of awarding bonuses was approved by the Compensation and Governance Committee. The discretionary bonus plan is structured to drive and reward current year results. It is the Compensation and Governance Committee's philosophy that the total amount of bonuses paid should be tied primarily to the Corporation's performance and rewarded to individuals relative to their performance of their duties and for their contribution to the achievement of the Corporation's annual goals and objectives. The Committee reviews the factors mentioned above relative to the Corporation's benchmarking group, in order to determine whether a bonus is in fact warranted. The amount of the bonus paid is linked to actual reserves value created after making adjustments for debt levels and changes in the Common Shares outstanding, amongst other factors and is approved by the Board based upon the recommendations of the Compensation and Governance Committee.

In February 2020, the Compensation and Governance Committee met and discussed the results of the Corporation's debt adjusted proved developed producing reserves model used in determining bonuses to be paid to officers and employees of the Corporation in respect of 2019 performance. Based on these factors, and other factors considered in February 2020, the Compensation and Governance Committee recommended and the Board approved that the following bonus amounts would be paid to the Named Executive Officers in respect of the Corporation's performance in 2019 as follows: (i) \$101,250 for Ingram Gillmore, President and CEO, (ii) \$67,500 for David Hwang, Vice-President, Finance and Chief Financial Officer, (iii) \$60,000 for Jason Kaluski, Vice-President, Operations, (iv) \$52,500 for Bryan Dozzi, Vice-President, Engineering, and (v) \$45,000 for Yvan Chretien, Vice-President, Land

Long-Term Incentive Compensation

Share Option Plan

The Corporation has the Option Plan, which permits the granting of Options to officers, directors, employees and consultants to the Corporation and its subsidiaries, and other persons who provide ongoing management and

consulting services to the Corporation and its subsidiaries.

Options are granted by the Board on the recommendation of senior management, in the case of employees, and by the Compensation and Governance Committee, in the case of executive officers including the CEO. Options are intended to encourage retention and provide incentive, thereby aligning employee and shareholder interests by attempting to create a direct link between compensation and shareholder return. In addition, the Option Plan provides the opportunity for executive officers to develop and maintain a significant ownership position in the Corporation. By allowing participation in the Option Plan, the Corporation is able to reward overall corporate performance year over year. As with most companies in the Corporation's peer group, Options form an important part of the total compensation provided to the Corporation's executive officers as Options help compensate for lower base salaries relative to larger companies in the oil and gas industry.

Options are normally awarded by the Board upon the commencement of employment with the Corporation, based on the level of responsibility within the Corporation. Additional grants may be made periodically to ensure that the number of Options granted to any particular individual is commensurate with the individual's level of ongoing responsibility within the Corporation. When determining Options to be allocated to each individual executive officer, a number of factors are considered including the number of outstanding Options held by such executive officer, Options held by the executive officer that have been exercised or that have expired since the last grant to such executive officer, the value of such Options held by the executive officer and the total number of available Options for grant.

During the year ended December 31, 2019, the Corporation granted an aggregate of 7,998,000 Options to officers, directors, employees and consultants and as at the date hereof: (i) the Corporation has 14,972,967 Options outstanding, pursuant to which 14,972,967 Common Shares would be issuable upon exercise representing 6.9% of the issued and outstanding Common Shares; and (ii) there remain 6,673,333 Options available for grant, pursuant to which 6,673,333 Common Shares would be issuable upon exercise representing 3.1% of the issued and outstanding Common Shares, which in aggregate represents 10% of the currently issued and outstanding Common Shares.

The Option grants during the year ended December 31, 2019 included grants to Named Executive Officers of 2,832,000 Options.

The maximum number of Common Shares that may be issued under the Option Plan at any time shall not exceed 10% of the aggregate number of Common Shares outstanding at that time, as determined on a non-diluted basis.

Summary

The Corporation's compensation policies have allowed the Corporation to attract and retain a team of motivated professionals and support staff working towards the common goal of enhancing shareholder value. The Compensation and Governance Committee and the Board will continue to review compensation policies to ensure that they are competitive within the oil and natural gas industry and consistent with the performance of the Corporation.

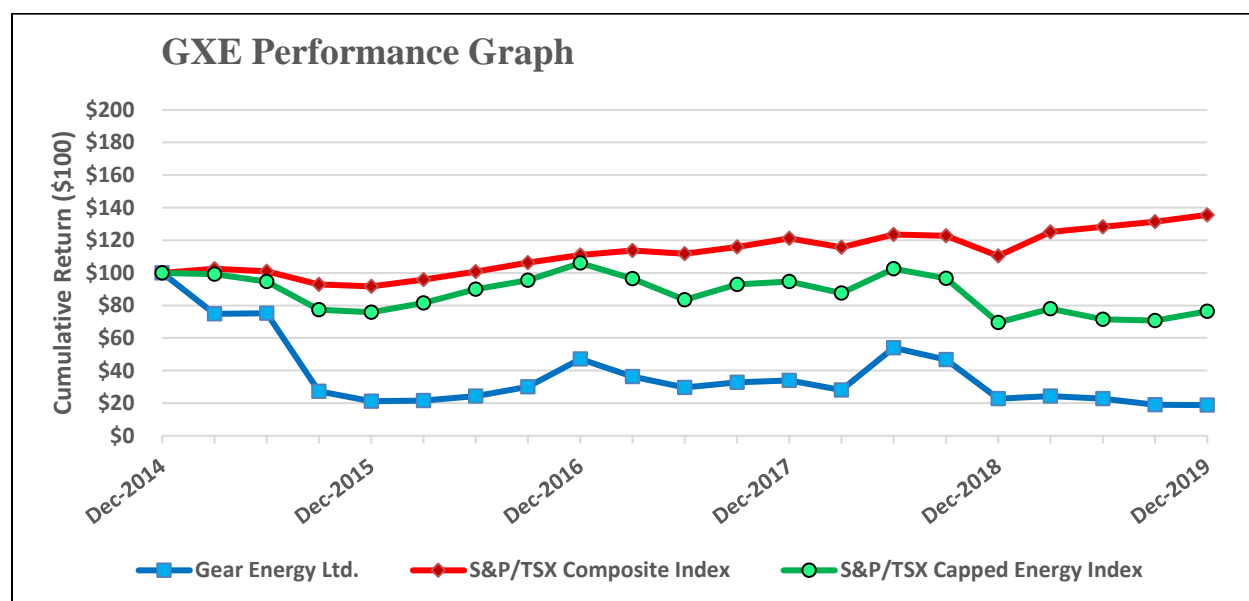

Risk Adjusted Compensation

As part of its review of the Corporation's compensation program, the Compensation and Governance Committee considered whether the compensation program provided executive officers of the Corporation with adequate incentives to achieve both short and long term objectives without motivating them to take inappropriate or excessive risk. The Compensation and Governance Committee concluded that the compensation program and policies of the Corporation did not encourage its Named Executive Officers to take inappropriate or excessive risks. This assessment is based on a number of considerations including, without limitation, the following: (a) the terms of Options granted provide that Options vest over a period of three years and expire one month following the vesting date, which encourages executive officers to continue to develop favorable results over a longer period of time and reduces the risk of actions that may have short term advantages; (b) a portion of executive compensation in the form of bonuses is not guaranteed and is variable, year over year, as the Board has discretion to pay bonuses to Named Executive Officers based on recommendations made by the Compensation and Governance Committee, whose recommendations are based on internal corporate, administrative, operating and financial and reserve addition performance; (c) the Corporation's compensation program for certain executive officers is not structured significantly differently from the

compensation program for other executive officers within the Corporation; and (d) the overall compensation program is market based and aligned with the Corporation's business plan and long-term strategies.

Performance Graph

The following graph compares the change in the cumulative total shareholder return for the five most recently completed financial years, of a \$100 investment in the Common Shares, with the cumulative total return of the S&P/TSX Capped Energy Index and the S&P/TSX Composite Index for the period commencing December 31, 2014 and ending December 31, 2019.

	2014/12/31	2015/12/31	2016/12/30	2017/12/31	2018/12/31	2019/12/31
Gear Energy Ltd.	\$100	\$21	\$47	\$34	\$23	\$19
S&P/TSX Composite Index	\$100	\$92	\$111	\$121	\$110	\$136
S&P/TSX Capped Energy Index	\$100	\$76	\$106	\$95	\$70	\$76

The trend shown in the above graph does not necessarily correspond to the Corporation's compensation of the Named Executive Officers for the period disclosed above. The Corporation considers a number of factors in connection with its determination of appropriate levels of compensation including, but not limited to, the demand for and supply of skilled professionals with experience in the oil and gas industry, individual performance, the Corporation's performance (which is not necessarily tied exclusively to the trading price of the Common Shares on the Toronto Stock Exchange (the "TSX") and other factors discussed under "Compensation Discussion and Analysis" above). Additionally, as Options form a significant portion of compensation, the total compensation for the Named Executive Officers is affected by increases and decreases in the price of the Common Shares as the value of such Options decrease as the Common Share price decreases.

The trading price of the Common Shares on the TSX is subject to fluctuation based on a number of factors, many of which are outside the control of the Corporation. These include, but are not limited to, fluctuations and volatility in commodity prices for crude oil and natural gas, global economic conditions, changes in government, environmental policies, legislation and royalty regimes, and other factors, some of which are disclosed and discussed under the heading "Risk Factors" in the Corporation's annual information form dated March 16, 2020.

Notes:

- (1) The grant date fair value for compensation purposes is calculated using Black-Scholes Option pricing methodology. Key assumptions used in the pricing model for 2019, 2018 and 2017, respectively, were: dividend yield: 2019 – nil, 2018 – nil and 2017 – nil; expected volatility: 2019 – 21%, 2018 – 21% and 2017 – 67%; risk-free interest rate: 2019 – 1.61%, 2018 – 2.04% and 2017 – 1.57%; and weighted average life: 2019 – 2.0 years, 2018 – 2.0 years and 2017 – 2.0 years. The Black-Scholes Option pricing methodology was selected due to its acceptance as an appropriate valuation model used by similar sized oil and gas companies.
- (2) 2019 amounts reflect bonuses earned with respect to 2019 performance but paid in 2020. No bonuses were paid to the NEOs in respect of 2018 performance. 2017 amounts reflect bonuses earned with respect to 2017 performance but paid in 2018.
- (3) The value of perquisites received by each of the NEOs, including property or other personal benefits provided to the NEOs that are not generally available to all employees, were not in the aggregate greater than \$50,000 or 10% of the NEO's total salary for the financial year.
- (4) None of the NEOs hold, or have ever been granted, share-based awards. The Corporation does not provide any pension benefits.

Incentive Plan Awards

Option Plan

The Option Plan limits the number of Common Shares that may be subject to Options granted and outstanding under the Option Plan, and any other share compensation arrangements established by the Corporation, at any time to 10% of the outstanding Common Shares.

Options granted pursuant to the Option Plan have a term as determined by the Board and vest in such manner as determined by the Board. Options which expire during a blackout period (as defined in the Option Plan) or within nine business days following the expiration of a blackout period, shall be extended for a period of ten business days after the end of such blackout period. Options granted under the Option Plan are non assignable. The exercise price of Options granted is determined by the Board at the time of grant and, if at such time the Common Shares are listed on a stock exchange, the weighted average trading price per Common Share on a stock exchange for the last five (5) consecutive trading days immediately prior to the date of grant or such other minimum price that may be prescribed by such exchange.

The number of Common Shares that may be issued under the Option Plan are subject to the following additional limitations: (i) the number of Common Shares reserved for issuance at any time, pursuant to the Option Plan and all other established or proposed share compensation arrangements of the Corporation, to insiders of the Corporation shall not exceed 10% of the outstanding Common Shares and the number of Common Shares issued within one year, pursuant to the Plan and all other established or proposed share compensation arrangements of the Corporation, to any one insider and such insider's associates shall not exceed 10% of the outstanding Common Shares; and (ii) the aggregate number of Common Shares that may be reserved for issuance pursuant to the exercise of Options awarded to directors who are not officers or employees of the Corporation ("**Non-Management Directors**") under the Option Plan shall not exceed in the aggregate 1% of the Common Shares outstanding from time to time and the aggregate value of Options granted to any one Non-Management Director in any one year period shall not exceed \$100,000.

Although the Option Plan provides that, unless otherwise determined by the Board, Options will expire five (5) years from the date of grant, in August 2016 the Board determined that any future Options granted (unless otherwise determined) would expire 30 business days following the date the Options vest. In the absence of any determination by the Board to the contrary, Options will vest and be exercisable as to one-third (1/3) of the total number of Common Shares subject to the Options on each of the first, second and third anniversaries of the date of grant, computed in each case to the nearest full Common Share (subject to acceleration of vesting at the discretion of the Board).

In case of death of an Optionee (as defined in the Option Plan), Options terminate on the date determined by the Board which may not be more than 12 months from the date of death and, if the Optionee ceases to be a director, officer or employee of, or to provide ongoing management or consulting services (for reason other than death) to, the Corporation, Options terminate on the expiry of a period not in excess of six (6) months as determined by the Board at the time of grant. In the absence of any determination by the Board to the contrary, the Options will terminate thirty (30) days following the date that the Optionee ceases to be an officer, director or employee of, or to provide ongoing management or consulting services to, the Corporation, as the case may be. In each case, the Optionee is entitled to exercise those Options that the Optionee was entitled to exercise on the date of death or the date the Optionee ceased to be an officer, director or employee of, or to provide ongoing management or consulting services to, the Corporation, as the case may be. An Optionee may make an offer ("**Surrender Offer**") to the Corporation, at any time, for the disposition and surrender by the Optionee to the Corporation of any Options granted for an amount in cash or in Common Shares equal to the difference between the fair market value of the Common Shares underlying the Options (if Common Shares are listed on a stock exchange, fair market value will be the weighted average trading price per Common Share on a stock exchange for the last five (5) consecutive trading days immediately prior to the date of grant or such other minimum price that may be prescribed by such exchange) and the exercise price of such Options and the Corporation may, but is not obligated to, accept the Surrender Offer.

The Option Plan provides that if a grantee is terminated in connection with a "Change of Control" (as defined in the Option Plan) or voluntarily resigns within six (6) months of such Change of Control for "Good Reason" (as such term is defined in the Option Plan) then all Options held by such grantee will vest and be exercisable.

If approved by the Board, Options may provide that, whenever the shareholders receive a take-over proposal (a "**Take-over Proposal**"), such Option may be exercised as to all or any of the Common Shares in respect of which such Option has not previously been exercised (including in respect of Common Shares not otherwise vested at such time) by the Optionee, but any such Option not otherwise vested and deemed only to have vested in accordance with the foregoing may only be exercised for the purposes of tendering to such Take-over Proposal.

The Board may make certain amendments to the Option Plan or discontinue the Option Plan at any time without the consent of the participants as permitted by the provisions of the Option Plan and, if required, subject to the approval by any exchange on which the Common Shares are listed. However, the Board may not amend the Option Plan without Shareholder approval with respect to: (i) increasing the number of Common Shares reserved for issuance under the Option Plan or the Option Plan maximum; (ii) reduce the exercise price of any Options granted; (iii) extend the expiry date of any outstanding Options other than as permitted in the Option Plan; (iv) permit a holder of Options to transfer or assign Options to a new beneficial holder, other than for estate settlement purposes; (v) any amendment to increase the number of Common Shares that may be issued to insiders above the restrictions contained in the Option Plan; (vi) increase the number or value of Common Shares reserved for issuance or permitted to be issued or granted to Non-Management Directors; or (vii) any amendments to the amendments section of the Option Plan. Other than as listed above, the Corporation may make such amendments to the Option Plan and any Options granted thereunder without the approval of Shareholders in accordance with the provisions of the Option Plan.

Pension Plan Benefits

The Corporation does not have a pension plan or similar benefit program.

Termination and Change of Control Benefits

The Employment Agreements continue indefinitely until terminated in accordance with the terms thereof and the annual salary payable thereunder is subject to annual review. NEOs are entitled to participate in any benefit plans adopted by the Corporation.

The Employment Agreements may be terminated by the Corporation for just cause at any time without any payment, other than salary owing for services rendered up to and including the last day of employment and outstanding vacation pay. The Corporation may terminate an Employment Agreement without just cause upon paying the NEO all salary earned but not paid to the termination date, all vacation pay due and owing to such date and a retiring allowance (as calculated in accordance with the Employment Agreements) of the sum of:

For the CEO:

- (a) two (2) years of the CEO's annual base salary as at the Cessation Date (as defined in the CEO's Employment Agreement); and
- (b) an amount equal to two times (2x) the bonus amounts, if any, paid in the twelve (12) month period immediately preceding the Cessation Date.

For all other NEOs:

- (a) six (6) months of the NEO's annual base salary as at the Cessation Date (as defined in the Employment Agreements) plus three months for every completed year of service, to a maximum of 12 months; and
- (b) an amount equal to one half (1/2) the bonus amounts, if any, paid to the NEO in the twelve (12) month period immediately preceding the Cessation Date.

In addition, an NEO may terminate his or her Employment Agreement within six (6) months following the occurrence of a change of control if there is an event which constitutes "Good Reason" (as defined in each of the Employment Agreements), which includes: material adverse change by the Corporation and without the agreement of the NEO, in the NEO's salary, title or lines of reporting, or the requirement that the NEO be based anywhere other than the Corporation's Calgary office on a normal and regular basis, such that immediately after such change or series of changes, the responsibilities and status of the NEO, taken as a whole, are not at least substantially equivalent to those assigned to the NEO immediately prior to such change, or any reason which would constitute constructive dismissal, in which case the NEO shall also be entitled to the termination payments outlined above. In exchange for payment of the retiring allowance, the NEO agrees to provide a release in an agreed upon form. Pursuant to the terms of the Employment Agreements, the NEOs recognize their obligation not to disclose confidential information and to refrain from using such information for purposes other than authorized by the Corporation both during and after termination of employment.

If the Employment Agreements were terminated by the Corporation, other than for just cause or by the respective NEOs for Good Reason following a change of control, at December 31, 2019, the aggregate amount payable thereunder would have been \$1,438,500. Under the terms of the Option Plan, if a grantee is terminated in connection with a "Change of Control" (as defined in the Option Plan) or voluntarily resigns within six (6) months of such Change of Control for "Good Reason" (as such term is defined in the Option Plan) then all Options held by such grantee will vest and be exercisable. Options may also accelerate vesting at the discretion of the Board in the event of a Take-over Proposal (see "*Statement of Executive Compensation – Incentive Plan Awards – Option Plan*"). Specifically, the total termination payments that would have been received by each of the Corporation's NEOs and the value of Options that would have vested are as follows:

Named Executive Officers	Change of Control Pursuant to Employment Agreements (\$)	Value of Outstanding Options at December 31, 2019⁽¹⁾ (\$)
Ingram B. Gillmore President and CEO	500,000	35,707
David Hwang Vice President, Finance and Chief Financial Officer	328,500	28,119
Jason Kaluski Vice President, Operations	208,000	25,010
Bryan Dozzi Vice President, Engineering	208,000	24,582
Yvan Chretien Vice President, Land	194,000	22,624
Total:	1,438,500	136,042

Note:

- (1) Calculated based on the difference between the closing market price of the Common Shares on December 31, 2019 (\$0.46) and the exercise price of the Options.

Director Compensation

During 2019, the annual fees paid to independent members of the Board were as follows: (i) \$31,000 per year to each director as a base director fee; (ii) \$8,000 per year as an additional fee for the chair of the Audit Committee; (iii) \$5,000 per year as an additional fee for the chair of the Reserves Committee; (iv) \$4,000 per year as an additional fee for the chair of the Compensation and Governance Committee; and (v) \$15,000 per year as an additional fee for the chair of the Board (collectively, the "**Board Member Fees**"). One half of the applicable Board Member Fee is tied to the price performance of the Common Shares in the given year based on the volume weighted average price of the Common Shares on the TSX for the last ten (10) trading days prior to the applicable year end as compared to the volume weighted average price of the Common Shares on the TSX for the last ten (10) trading days of the prior year and subject to a maximum 2x multiplier. As a result of the price performance of the Common Shares in 2019, the one-half of the Board Member Fees subject to price performance was decreased by 15%.

Board members are also eligible to participate in the Option Plan. The Corporation will reimburse directors for all reasonable expenses incurred in order to attend meetings. The number of Options awarded to directors will be determined by criteria to be established by the Compensation and Governance Committee. The Option grants during the year ended December 31, 2019 included grants to directors of 1,464,000 Options.

The Option Plan provides that the aggregate number of Common Shares that may be reserved for issuance pursuant to Options granted to Non-Management Directors shall not exceed 1% of the Common Shares outstanding from time to time and the aggregate value of Options granted to any one Non-Management Director in any one year period shall not exceed \$100,000. The Board will not be able to amend the limits on the number of Options issuable to Non-Management Directors without the approval of the Shareholders.

In addition, in certain cases, an independent committee of the Board may be formed to deliberate on such matters in the absence of the interested party. Any potential conflicts of interest must be reported immediately to senior management.

- review and recommend a compensation philosophy, guidelines and plans for the Corporation's executives and employees;
- review and approve corporate goals and objectives relevant to CEO compensation;
- evaluate the CEO's performance in light of those goals, and make recommendations to the Board with regard to the CEO's compensation based on this evaluation;
- in consultation with the CEO, review and approve all executive compensation (including that of the CEO), incentive-compensation plans and equity-based plans;
- review and approve all discretionary compensation granted;
- review and approve fees to be paid to members of the Board;
- review executive compensation disclosure before it is publicly disclosed; and
- be the forum for meetings of all independent directors of the Corporation.

The Compensation and Governance Committee is required to be comprised of at least three directors, or such greater number as the Board may determine from time to time. All members of the Compensation and Governance Committee are required to be independent, as such term is defined for this purpose under applicable securities law requirements. Pursuant to the mandate and terms of reference of the Compensation and Governance Committee, meetings of the Compensation and Governance Committee are to take place regularly in each year on such dates and at such locations as the Chair of the Compensation and Governance Committee shall determine and may

also meet at any other time or times on the call of the Chair of the Compensation and Governance Committee or any two of the other members.

8. **Other Board Committees – If the Board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.**

In addition to the Audit Committee and the Compensation and Governance Committee, the Corporation has established a Reserves Committee. The Reserves Committee is comprised entirely of independent directors.

The Reserves Committee is responsible for various matters relating to reserves of the Corporation that may be delegated to the Reserves Committee pursuant to National Instrument 51-101 – *Standards of Disclosure for Oil and Gas Activities*, including:

- reviewing the Corporation's procedures relating to the disclosure of information with respect to oil and gas activities, including reviewing its procedures for complying with disclosure requirements and restrictions set forth under applicable securities law requirements;
- reviewing the Corporation's procedures for providing information to the independent evaluator;
- meeting, as considered necessary, with management and the independent evaluator to determine whether any restrictions placed by management affect the ability of the evaluator to report without reservation on the reserves information and data (the "**Reserves Data**") and to review the Reserves Data and the report of the independent evaluator thereon (if such report is provided);
- reviewing the appointment of the independent evaluator and, in the case of any proposed change to such independent evaluator, determining the reason therefor and whether there have been any disputes with management;
- providing a recommendation to the Board as to whether to approve the content or filing of the statement of the Reserves Data and other information that may be prescribed by applicable securities law requirements including any reports of the independent engineer and of management in connection therewith;
- reviewing the Corporation's procedures for reporting other information associated with oil and gas producing activities; and
- generally reviewing all matters relating to the preparation and public disclosure of estimates of the Corporation's reserves.

Copies of the mandates of each of the Audit Committee, the Compensation and Governance Committee and the Reserves Committee are available on Gear's website at www.gearenergy.com.

9. **Assessments – Disclose whether or not the Board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the Board satisfies itself that the Board, its committees, and its individual directors are performing effectively.**

The Board assesses the effectiveness of the Board, its committees and the effectiveness and contributions of individual directors by way of an annual written questionnaire distributed to each Board member. The questionnaire provides an opportunity for each Board member to provide a peer review of the performance of all of the other members of the Board. The Board also satisfies itself with respect to the effectiveness of the Board, its committees and individual directors by monitoring, on an informal basis, whether the objectives of each of the Board and the Corporation are being achieved and whether the responsibilities of each of the Board, its committees, its individual directors and the Corporation are being fulfilled.

10. **Director Term Limits and Other Mechanisms of Board Renewal**

The Board does not believe that fixed term limits or mandatory retirement ages are in the best interest of the Corporation. Therefore it has not specifically adopted term limits or other mechanisms for board renewal.

However, when considering nominees for the Board, the Compensation and Governance Committee reviews the skills and experience of the current directors of the Corporation to assess whether the Board's skills and experience need to be strengthened in any area. In addition to considering the skills and experience of the Board, the Compensation and Governance Committee also assesses the knowledge and character of all nominees to the Board and other factors such as independence of the directors to ensure that the Board is operating effectively and independently of management. The Compensation and Governance Committee considers both the term of service and age of individual directors, the average term of the Board as a whole and turnover of directors over the prior years when proposing nominees for election of the directors of the Corporation. The Compensation and Governance Committee considers the benefits of regular renewal in the context of the needs of the Board at the time and the benefits of the institutional knowledge of the Board members.

11. Policies Regarding the Representation of Women on the Board

The Board has not adopted any policies that address the identification and nomination of women directors of the Corporation.

The Board believes that Board nominations and executive officer appointments should be made on the basis of the skills, knowledge, experience and character of individual candidates and the requirements of the Board and management at the time. The Corporation is committed to a meritocracy and believes that considering the broadest group of individuals who have the skills, knowledge, experience and character required to provide leadership needed to achieve our business objectives, without reference to their age or gender is in the best interests of the Corporation and all of its stakeholders.

Despite its commitment to meritocracy, if and when the Board intends to add members to the Board or to replace a retiring Board member, the Board intends to ensure that the search for candidates includes searching for women with the necessary skills and experience to complement the skills and experience of the Board members remaining on the Board. The Board currently believes that the Board is the right size and that the current members have an appropriate mix of skills and experience for the Board and each of its committees to operate effectively and as such there is no need to add or replace any members of the Board.

12. Consideration of the Representation of Women in the Director Identification and Selection Process

As a result of the Corporation's commitment to meritocracy, the level of representation of women on the Board is not considered in identifying and nominating candidates for election or re-election to the Board; however, the Board encourages the consideration of women who have the necessary, skills, knowledge, experience and character when considering new potential candidates for the Board.

13. Consideration Given to the Representation of Women in Executive Officer Appointments

As a result of the Corporation's commitment to meritocracy the level of representation of women in executive officer positions is not considered when making executive officer appointments; however, the Board encourages the consideration of women who have the necessary, skills, knowledge, experience and character when considering new potential candidates for executive officer positions.

14. Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Corporation has not imposed quotas or targets regarding the representation of women on the Board and in executive officer positions. The Board believes that imposing quotas or targets regarding the representation of women in executive officer positions would compromise the principles of meritocracy.

15. Number of Women on the Board and in Executive Officer Positions

There is presently one woman serving on the Board representing 14% of the current directors and 14% of proposed nominees. No women currently serve in executive officer positions at the Corporation.
