This management information circular (this "**Information Circular**") is furnished in connection with the solicitation of proxies by the management of Gear Energy Ltd. ("**Gear**" or the "**Corporation**") for use at the annual and special meeting (the "**Meeting**") of the holders ("**Shareholders**") of common shares ("**Common Shares**") of the Corporation to be held on Wednesday, May 4, 2022 at 3:00 p.m. (Calgary time) at the Bow Valley Square Conference Centre, Angus/Northcote Room, Suite 300, 205 – 5th Avenue SW, Calgary, Alberta and at any adjournment thereof, for the purposes set forth in the Notice of Annual and Special Meeting.

Forms of proxy must be addressed to and reach Odyssey Trust Company, Trader's Bank Building, Suite 702, 67 Yonge Street, Toronto, Ontario M5E 1J8 Attention: Proxy Department, or by facsimile at 1-800-517-4553, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for the holding of the Meeting or any adjournment thereof. The instrument appointing a proxy is required to be in writing and shall be executed by the Shareholder or the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

The board of directors of the Corporation (the "**Board**") has fixed the record date for the Meeting at the close of business on March 18, 2022 (the "**Record Date**").

Registered shareholders may also use the internet site at <https://login.odysseytrust.com/pxlogin> to transmit their voting instructions or vote by email at [proxy@odysseytrust.com](mailto:proxy@odysseytrust.com). Shareholders should have the form of proxy in hand when they access the website and will be prompted to enter their control number, which is located on the form of proxy. If Shareholders vote by internet, their vote must be received not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for the holding of the Meeting. The website may be used to appoint a proxy holder to attend and vote on a Shareholder's behalf at the Meeting and to convey a Shareholder's voting instructions.

Shareholders of record as at the Record Date are entitled to receive notice of the Meeting and to vote their Common Shares, included in the list of Shareholders entitled to vote at the Meeting prepared as at the Record Date, except to the extent that any such Shareholder transfers their Common Shares after the Record Date and the transferee of such Common Shares, having produced properly endorsed certificates evidencing such Common Shares or having otherwise established that he or she owns such Common Shares, demands, not later than ten (10) days before the Meeting, that the transferee's name be included in the list of Shareholders entitled to vote at the Meeting, in which case such transferee shall be entitled to vote such Common Shares at the Meeting.

Unless otherwise stated, information provided in this Information Circular is given as at March 21, 2022.

Gear intends to hold the Meeting in person. However, Gear may be required to take additional precautionary measures in relation to the Meeting in response to any further developments with the COVID-19 pandemic. In the event it is not possible or advisable to hold the Meeting in person, Gear will announce alternative arrangements for the Meeting as promptly as practicable, which may include holding the Meeting entirely by electronic means, telephone or other communication facilities. Please monitor our website at [www.gearenergy.com](http://www.gearenergy.com) for updated information.

**The persons named in the enclosed form of proxy are directors and officers of the Corporation. Each Shareholder has the right to appoint a proxyholder other than the persons designated above, who need not be a Shareholder, to attend and to act for the Shareholder at the Meeting. To exercise such right, the names of the nominees of management should be crossed out and the name of the Shareholder's appointee should be legibly printed in the blank space provided.**

## Beneficial Holders of Common Shares

The information set forth in this section is provided to beneficial holders of Common Shares who do not hold their Common Shares in their own name ("**Beneficial Shareholders**"). Beneficial Shareholders should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Beneficial Shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the name of the Beneficial Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominees for many Canadian brokerage firms). Common Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, the broker/nominees are prohibited from voting Common Shares for their clients. The Corporation does not know for whose benefit the Common Shares registered in the name of CDS & Co. are held.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically provides a scannable voting request form or applies a special sticker to the proxy forms, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the voting request forms or proxy forms to Broadridge. Often Beneficial Shareholders are alternatively provided with a toll-free telephone number to vote their shares or website address where shares can be voted. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder receiving a voting instruction request or a proxy with a Broadridge sticker on it cannot use that instruction request or proxy to vote Common Shares directly at the Meeting as the proxy must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted. Accordingly, it is strongly suggested that Beneficial Shareholders return their completed instructions or proxies as directed by Broadridge well in advance of the Meeting.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker (or agent of the broker), a Beneficial Shareholder may attend the Meeting as proxyholder for the registered Shareholder and vote their Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered Shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

## Notice-And-Access

Gear has elected to use the "notice-and-access" provisions under National Instrument 54-101 – *Communications with Beneficial Owners of Securities of a Reporting Issuer* (the "**Notice-and-Access Provisions**") for the meeting in respect of mailings to Beneficial Shareholders but not in respect of mailings to registered Shareholders. The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials which are mailed to shareholders by allowing a reporting issuer to post an information circular in respect of a meeting of its shareholders and related materials online.

Gear has also elected to use procedures known as 'stratification' in relation to the use of the Notice-and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of an information circular and, if applicable, a paper copy of financial statements and related management's discussion and analysis ("**Financial Information**"), to some shareholders together with a notice of a meeting of its shareholders. In relation to the Meeting, registered Shareholders will receive a paper copy of the Notice of Annual and Special Meeting, this Information Circular and a form of proxy whereas Beneficial Shareholders will receive a notice containing information prescribed by the Notice-and-Access Provisions and a voting instruction form.

Furthermore, a paper copy of the Financial Information in respect of Gear's most recently completed financial year was mailed to all registered Shareholders and those Beneficial Shareholders who previously requested to receive such information.

### **Revocability of Proxy**

A Shareholder who has submitted a proxy may revoke it at any time prior to the exercise thereof. If a person who has given a proxy attends personally at the Meeting at which such proxy is to be voted, such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the Shareholder or the Shareholder's attorney authorized in writing deposited either at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof prior to the commencement of the Meeting.

### **Persons Making the Solicitation**

**The solicitation is made on behalf of the management of the Corporation.** The costs incurred in the preparation and mailing of the enclosed form of proxy, Notice of Annual and Special Meeting and this Information Circular will be borne by the Corporation. In addition to solicitation by mail, proxies may be solicited by personal interviews, telephone or other means of communication and by directors, officers and employees of the Corporation, who will not be specifically remunerated therefore.

### **Exercise of Discretion by Proxy**

The Common Shares represented by proxy in favour of management nominees shall be voted on any ballot at the Meeting and, where the Shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares shall be voted or withheld from voting on any ballot in accordance with the specification so made.

**In the absence of such specification, the Common Shares will be voted in favour of the matters to be acted upon. The persons appointed under the form of proxy furnished by the Corporation are conferred with discretionary authority with respect to amendments or variations of those matters specified in the enclosed form of proxy, the Notice of Annual and Special Meeting and this Information Circular. At the time of printing this Information Circular, management of the Corporation knows of no such amendment, variation or other matter.**

## **MATTERS TO BE ACTED UPON AT THE MEETING**

### **1. Financial Statements and Auditor's Report**

Pursuant to the *Business Corporations Act* (Alberta) (the "ABCA"), the Board will place before the Shareholders at the Meeting the audited financial statements of the Corporation for the year ended December 31, 2021 and the auditor's report thereon, accompanying this Information Circular. *Majority Voting for Directors*

The Board has adopted a policy (the "**Majority Voting Policy**") stipulating that if the number of Common Shares voted in favour of the election of a particular director nominee at a Shareholders' meeting is less than the number of Common Shares withheld from voting for that nominee, the nominee will immediately submit his or her resignation to the Board, with the resignation to take effect when and if such resignation is accepted by the Board. The CGC&S Committee (as defined herein) will consider the director nominee's offer to resign and will make a recommendation to the Board as to whether or not to accept the resignation. The CGC&S Committee will be expected to recommend acceptance of the resignation except in exceptional circumstances.

The Board will consider the CGC&S Committee's recommendation and make a decision as to whether to accept the director's offer to resign within 90 days of the date of the meeting. The decision of the Board will be announced by way of a press release, which, if the Board has decided to reject such resignation, will include the reasons for rejecting the resignation. No director who is required to tender his or her resignation shall participate in the deliberations or recommendations of the CGC&S Committee or the Board. The Board shall accept the resignation absent any exceptional circumstances.

If a director's offer of resignation is accepted, at the Board's discretion, it may fill the vacancy through the appointment of a new director whom the Board considers appropriate in accordance with the Corporation's by-laws and articles and applicable laws. The Majority Voting Policy does not apply in circumstances involving contested director elections.

A copy of the Majority Voting Policy is available on Gear's website at [www.gearenergy.com](http://www.gearenergy.com).

*Advance Notice By-law*

The Corporation has adopted an advance notice by-law regarding advance notice of nominations of directors of the Corporation (the "**Advance Notice By-law**"). The Advance Notice By-law provides that advance notice to the Corporation must be made in circumstances where nominations of persons for election to the Board are made by Shareholders other than pursuant to: (a) a "proposal" made in accordance with the ABCA; or (b) a requisition of a meeting made pursuant to the ABCA.

The Advance Notice By-law fixes a deadline by which Shareholders must submit director nominations to the Chief Financial Officer of the Corporation prior to any annual or special meeting of Shareholders and outlines the specific information that a nominating Shareholder must include in the written notice to the Chief Financial Officer of the Corporation for an effective nomination to occur. No person nominated by a Shareholder will be eligible for election as a director of the Corporation unless nominated in accordance with the provisions of the Advance Notice By-law.

In the case of an annual meeting of Shareholders, notice to the Chief Financial Officer of the Corporation must be made not less than 30 days and not more than 65 days prior to the date of the annual meeting; provided, however, that in the event that the annual meeting is to be held on a date that is less than 50 days after the date on which the first public announcement of the date of the annual meeting was made, notice may be made not later than the close of business on the 10<sup>th</sup> day following such public announcement. In the case of a special meeting of Shareholders (which is not also an annual meeting), notice to the Corporation must be made not later than the close of business on the 15<sup>th</sup> day following the day on which the first public announcement of the date of the special meeting was made.

The Board may, in its sole discretion, waive any requirement of the Advance Notice By-law.

A copy of the Advance Notice By-law is available on SEDAR at [www.sedar.com](http://www.sedar.com) and on Gear's website at [www.gearenergy.com](http://www.gearenergy.com).

*Corporate Cease Trade Orders or Bankruptcies*

No proposed director is as at the date hereof, or has been, within 10 years of the date hereof, a director or chief executive officer or chief financial officer (or any executive officer, for the purpose of subsection (iii)) of any company, including the Corporation, that: (i) while that person was acting in that capacity, was the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days (an "**order**"); (ii) after that person ceased to act in that capacity, was the subject of an order that resulted from an event that occurred while that person was acting in the capacity as a director, chief executive officer or chief financial officer; or (iii) is or has, within 10 years before the date of this Information Circular become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or became subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold its assets, while that person was acting in that capacity.

No proposed director has, within the ten (10) years before the date of this Information Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceeding, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

*Penalties or Sanctions*

No proposed director has been subject to: (i) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or (ii) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security holder in deciding whether to vote for a proposed director.

**4. Appointment of Auditors**

Unless otherwise directed, it is management's intention to vote the proxies in favour of appointing the firm of Deloitte

LLP, Chartered Professional Accountants, of Calgary, Alberta to serve as auditors of the Corporation until the next annual meeting of the Shareholders and to authorize the directors to fix their remuneration as such. The appointment of the auditors must be approved by a majority of votes cast by the Shareholders. Deloitte LLP has been the Corporation's auditors since March 2, 2010.

For information relating to the fees paid to Deloitte LLP in the two most recently completed financial years see the information set out under the heading "*Audit Committee Information*" in the Corporation's annual information form dated March 22, 2022, which is available on SEDAR at [www.sedar.com](http://www.sedar.com).

## 5. Approval of Unallocated Options

When options to purchase Common Shares ("**Options**") have been granted pursuant to the Corporation's share option plan (the "**Option Plan**"), Common Shares that are reserved for issuance under an outstanding Option are referred to as "allocated options". The Corporation has additional Common Shares that may be issued under the Option Plan, but as they are not subject to current Option grants, they are referred to as "unallocated options". The Option Plan limits the number of Common Shares that may be subject to Options granted and outstanding under the Option Plan, and any other share compensation arrangements established by the Corporation, at any time to 10% of the outstanding Common Shares. As of the date hereof, the Corporation has Options to purchase 16,470,000 Common Shares (equal to approximately 6.32% of the Corporation's issued and outstanding Common Shares as of the date hereof) outstanding under the Option Plan, leaving unallocated Options to purchase an aggregate of 9,597,769 Common Shares (equal to approximately 3.68% of the Corporation's issued and outstanding Common Shares as of the date hereof) available for future grants based on the number of outstanding Common Shares.

The policies of the Toronto Stock Exchange (the "**TSX**") require that shareholders must approve all unallocated Options under the Option Plan every three years. The Corporation's current unallocated Options expire on May 11, 2022, being the three year anniversary from the most recent date on which the Shareholders approved an ordinary resolution approving all unallocated Options issuable under the Option Plan.

Therefore, at the Meeting, Shareholders will be asked to approve an ordinary resolution approving all unallocated Options under the Option Plan.

As discussed under "*Statement of Executive Compensation – Compensation Discussion and Analysis – Long-Term Incentive Compensation*", as with most companies in the Corporation's peer group, Options form an important part of the total compensation provided to the Corporation's officers and employees. Options are provided to align employee and Shareholder interests by attempting to create a direct link between compensation and Shareholder return. In addition, as Options do not require any payment of cash by the Corporation, Options help the Corporation preserve cash, which can then be used for capital expenditures relating to exploration and development plans for the continued growth of the Corporation or for distributing to Shareholders. If unallocated Options are not approved by the Shareholders at the Meeting, the Board will have to consider alternative forms of compensation to replace the grant of Options to attract, compensate and incentivize officers and employees.

Additional details of the Option Plan are provided under "*Statement of Executive Compensation – Incentive Plan Awards – Option Plan*". A copy of the Option Plan will be filed on the Corporation's SEDAR profile at [www.sedar.com](http://www.sedar.com) under the heading "Other" on April 4, 2022.

At the Meeting, Shareholders will be asked to approve an ordinary resolution in the following form approving all unallocated Options issuable under the Option Plan:

"BE IT RESOLVED, AS AN ORDINARY RESOLUTION OF THE SHAREHOLDERS OF GEAR ENERGY LTD. (THE "**CORPORATION**") that all unallocated options issuable under the Corporation's share option plan be approved until the third anniversary of the date that this resolution is passed."

Pursuant to the requirements of the TSX, the foregoing resolution must be approved by a simple majority of the votes cast by the Shareholders voting in person or by proxy at the Meeting. Currently outstanding Options will be unaffected

if this resolution is not approved, but currently outstanding Options which have been exercised or that have expired or been cancelled will not be available for re-grant and the Board will not be able to grant new Options if the unallocated Options are not approved.

Unless otherwise directed, it is the intention of the persons named in the enclosed form of proxy, if named as proxy, to vote for approval of the foregoing resolution approving all unallocated Options under the Option Plan.

At no time in the two most recently completed financial years has the Corporation retained a compensation consultant or advisor to assist the Board or the CGC&S Committee in determining the compensation of the directors or executive officers of the Corporation.

The Corporation's compensation philosophy includes a "pay-for-performance" element, which supports the Corporation's desire to deliver continuous, strong performance for its shareholders. In addition, the Corporation's compensation philosophy is aimed at attracting and retaining quality and experienced people, which is critical to the success of the Corporation for the benefit of its shareholders. Employee compensation, including executive officer compensation, is comprised of three elements: base salary, short-term incentive compensation (cash bonuses) and long-term incentive compensation (Options to purchase Common Shares under the Option Plan). The CGC&S Committee reviews all components in assessing the compensation paid to individual executive officers and paid by the Corporation as a whole. Salaries and bonuses are intended to provide current compensation and a short-term incentive for employees to meet the Corporation's goals, as well as to remain competitive with the industry. Options are granted as a long-term incentive and to encourage commitment to the Corporation.

When determining executive compensation, the CGC&S Committee gives regard to the contributions made by officers, how their compensation levels relate to compensation packages that would be achievable from other opportunities, available salary survey data and other information publically disclosed by some of the Corporation's competitors and peers. As well, the CGC&S Committee considers the Corporation's and individual's performance in relation to production, reserve growth, funds from operations (including, in each case, on a debt adjusted per share basis), debt (plus abandonment and reclamation) to funds from operations, shareholder returns and other strategic objectives.

The President and Chief Executive Officer ("**CEO**" or "**Chief Executive Officer**") of the Corporation is responsible for making recommendations to the CGC&S Committee with respect to compensation for the executive officers of the Corporation, including the CEO. In making such recommendations, the CEO analyzes a number of factors including compensation data compiled from the Corporation's peer groups, corporate performance and individual executive officer performance. In assessing corporate performance, the Corporation does not have any pre-determined set targets, but the following factors are considered: (a) year over year growth in debt adjusted reserves value; (b) recycle ratio (netback relative to finding, development and acquisition costs); (c) relative total shareholder return; (d) corporate performance relative to budget and guidance; and (e) changes in net debt (including abandonment and reclamation obligations) relative to funds from operations. In assessing the performance of individual executive officers, consideration is given to objective factors such as level of responsibility, experience and expertise, as well as subjective factors such as leadership and performance in such executive officer's specific role with the Corporation. In evaluating corporate performance, management and the Board compare Gear's corporate performance relative to a benchmarking group of publicly traded junior energy companies. In 2021, the Corporation's benchmarking group included the following companies: Bonterra Energy Corp., Crew Energy Inc., InPlay Oil Corp., Journey Energy Inc., Leucrotta Exploration Inc., Obsidian Energy Ltd., Petrus Resources Ltd., Pine Cliff Energy Ltd., Prairie Provident

Resources Inc., Surge Energy Inc. and Yangarra Resources Ltd.

The CEO then makes a recommendation to the CGC&S Committee with respect to the various elements of compensation to be awarded to each executive officer. The CEO also presents his analysis of corporate performance and individual executive officer performance to the CGC&S Committee.

Upon the receipt of such recommendation, the CGC&S Committee reviews the evaluation in addition to the compensation data compiled with respect to the Corporation's peer group and determines whether to accept the recommendation or make any changes. Recommendations for executive compensation, as well as for compensation paid by the Corporation as a whole, are then made by the CGC&S Committee to the Board for approval.

### ***Short Sales, Puts, Calls and Options***

The Corporation's Disclosure, Confidentiality and Trading Policy contains anti-hedging provisions. Directors, officers and employees of the Corporation shall not knowingly sell, directly or indirectly, a security of the Corporation if such person selling such security does not own or has not fully paid for the security to be sold. Directors, officers and employees of the Corporation shall not, directly or indirectly, buy or sell a call or put in respect of a security of the Corporation.

### ***Elements of the Corporation's Executive Compensation Program***

Each element of the Corporation's executive compensation program is described in more detail below.

#### ***Base Salaries***

The CGC&S Committee recognizes that the size of the Corporation prohibits base salary compensation for executive officers from matching those of larger companies in the oil and gas industry. The CGC&S Committee does believe, however, that performance-based compensation plans are an important element in the compensation packages for the Corporation's executive officers, and that long-term equity interests, in the form of Options, compensate for lower base salaries. This compensation strategy is similar to the strategies of many other companies in the Corporation's benchmarking group.

In setting base compensation levels of individual executive officers, consideration is given to objective factors such as level of responsibility, experience and expertise, as well as subjective factors such as leadership. Base salaries paid to executive officers of the Corporation, including the CEO, are set to be competitive with industry levels relative to the Corporation's peer group. Salaries of executive officers, including that of the CEO, are reviewed annually.

In August 2021, the Board reviewed and approved salary increases for the Corporation including the executive team. Following such increase, effective July 1, 2021 the salaries of the Named Executive Officers were set at: (i) \$262,500 for Mr. Ingram Gillmore, President and Chief Executive Officer; (ii) \$242,500 for Mr. David Hwang, Vice President, Finance and Chief Financial Officer; (iii) \$218,000 for Mr. Jason Kaluski, Vice President, Operations; (iv) \$218,000 for Mr. Bryan Dozzi, Vice President, Engineering; and (v) \$200,000 for Mr. Dustin Ressler, Vice President, Exploration.

#### ***Bonuses***

The Corporation has a discretionary bonus plan and the basis of awarding bonuses was approved by the CGC&S Committee. The discretionary bonus plan is structured to drive and reward current year results. It is the CGC&S Committee's philosophy that the total amount of bonuses paid should be tied primarily to the Corporation's performance and rewarded to individuals relative to their performance of their duties and for their contribution to the achievement of the Corporation's annual goals and objectives. The Committee reviews the factors mentioned above relative to the Corporation's benchmarking group, in order to determine whether a bonus is in fact warranted. The amount of the bonus paid is linked to actual reserves value created after making adjustments for debt levels and changes in the Common Shares outstanding, amongst other factors and is approved by the Board based upon the recommendations of the CGC&S Committee.

In February 2022, the CGC&S Committee met and discussed the results of the Corporation's debt adjusted proved developed producing reserves model as well as other corporate performance metrics used in determining bonuses to be paid to officers and employees of the Corporation in respect of 2021 performance. Based on the factors considered in February 2022, the CGC&S Committee recommended and the Board approved that the following bonus amounts would be paid to the Named Executive Officers in respect of the Corporation's performance in 2021 as follows: (i) \$225,000 for Ingram Gillmore, President and CEO, (ii) \$180,000 for David Hwang, Vice-President, Finance and Chief Financial Officer, (iii) \$144,000 for Jason Kaluski, Vice-President, Operations, (iv) \$144,000 for Bryan Dozzi, Vice-President, Engineering, and (v) \$117,000 for Dustin Ressler, Vice-President, Exploration.

### ***Long-Term Incentive Compensation***

#### *Share Option Plan*

The Corporation has the Option Plan, which permits the granting of Options to officers, directors, employees and consultants to the Corporation and its subsidiaries, and other persons who provide ongoing management and consulting services to the Corporation and its subsidiaries.

Options are granted by the Board on the recommendation of senior management, in the case of employees, and by the CGC&S Committee, in the case of executive officers including the CEO. Options are intended to encourage retention and provide incentive, thereby aligning employee and shareholder interests by attempting to create a direct link between compensation and shareholder return. In addition, the Option Plan provides the opportunity for executive officers to develop and maintain a significant ownership position in the Corporation. By allowing participation in the Option Plan, the Corporation is able to reward overall corporate performance year over year. As with most companies in the Corporation's peer group, Options form an important part of the total compensation provided to the Corporation's executive officers as Options help compensate for lower base salaries relative to larger companies in the oil and gas industry.

Options are normally awarded by the Board upon the commencement of employment with the Corporation, based on the level of responsibility within the Corporation. Additional grants may be made periodically to ensure that the number of Options granted to any particular individual is commensurate with the individual's level of ongoing responsibility within the Corporation. When determining Options to be allocated to each individual executive officer, a number of factors are considered including the number of outstanding Options held by such executive officer, Options held by the executive officer that have been exercised or that have expired since the last grant to such executive officer, the value of such Options held by the executive officer and the total number of available Options for grant.

During the year ended December 31, 2021, the Corporation granted an aggregate of 10,614,000 Options to officers, directors, employees and consultants and as at the date hereof: (i) the Corporation has 16,470,000 Options outstanding, pursuant to which 16,470,000 Common Shares would be issuable upon exercise representing 6.32% of the issued and outstanding Common Shares; and (ii) there remain 9,597,769 Options available for grant, pursuant to which 9,597,769 Common Shares would be issuable upon exercise representing 3.68% of the issued and outstanding Common Shares, which in aggregate represents 10% of the currently issued and outstanding Common Shares.

The Option grants during the year ended December 31, 2021 included grants to Named Executive Officers of 4,578,000 Options.

The maximum number of Common Shares that may be issued under the Option Plan at any time shall not exceed 10% of the aggregate number of Common Shares outstanding at that time, as determined on a non-diluted basis.

### ***Summary***

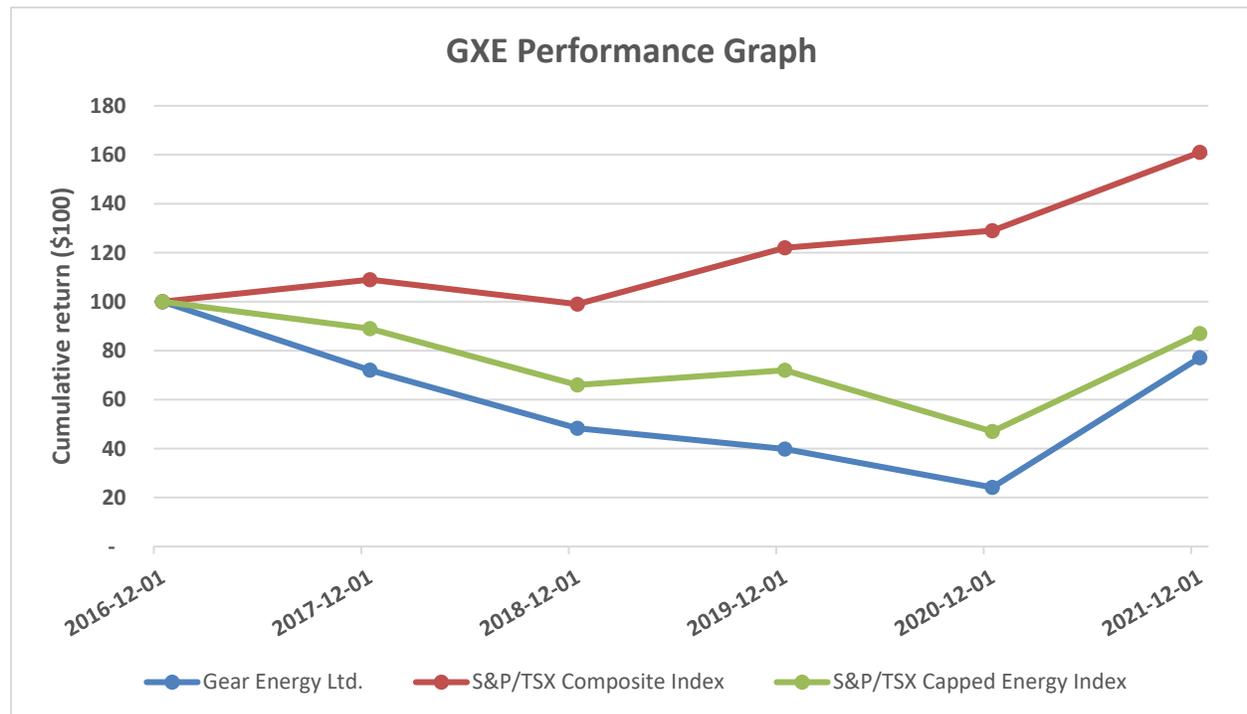

The Corporation's compensation policies have allowed the Corporation to attract and retain a team of motivated professionals and support staff working towards the common goal of enhancing shareholder value. The CGC&S Committee and the Board will continue to review compensation policies to ensure that they are competitive within the oil and natural gas industry and consistent with the performance of the Corporation.

## Risk Adjusted Compensation

As part of its review of the Corporation's compensation program, the CGC&S Committee considered whether the compensation program provided executive officers of the Corporation with adequate incentives to achieve both short and long term objectives without motivating them to take inappropriate or excessive risk. The CGC&S Committee concluded that the compensation program and policies of the Corporation did not encourage its Named Executive Officers to take inappropriate or excessive risks. This assessment is based on a number of considerations including, without limitation, the following: (a) the terms of Options granted provide that Options vest over a period of three years and expire one month following the vesting date, which encourages executive officers to continue to develop favorable results over a longer period of time and reduces the risk of actions that may have short term advantages; (b) a portion of executive compensation in the form of bonuses is not guaranteed and is variable, year over year, as the Board has discretion to pay bonuses to Named Executive Officers based on recommendations made by the CGC&S Committee, whose recommendations are based on internal corporate, administrative, operating and financial and reserve addition performance; (c) the Corporation's compensation program for certain executive officers is not structured significantly differently from the compensation program for other executive officers within the Corporation; and (d) the overall compensation program is market based and aligned with the Corporation's business plan and long-term strategies.

## Performance Graph

The following graph compares the change in the cumulative total shareholder return for the five most recently completed financial years, of a \$100 investment in the Common Shares, with the cumulative total return of the S&P/TSX Capped Energy Index and the S&P/TSX Composite Index for the period commencing December 31, 2016 and ending December 31, 2021.

	2016/12/31	2017/12/30	2018/12/31	2019/12/31	2020/12/31	2021/12/31
Gear Energy Ltd.	\$100	\$72	\$48	\$40	\$24	\$77
S&P/TSX Composite Index	\$100	\$109	\$99	\$122	\$129	\$161
S&P/TSX Capped Energy Index	\$100	\$89	\$66	\$72	\$47	\$87

The trend shown in the above graph does not necessarily correspond to the Corporation's compensation of the Named Executive Officers for the period disclosed above. The Corporation considers a number of factors in connection with its determination of appropriate levels of compensation including, but not limited to, the demand for and supply of skilled professionals with experience in the oil and gas industry, individual performance, the Corporation's performance (which is not necessarily tied exclusively to the trading price of the Common Shares on the TSX) and other factors discussed under "*Compensation Discussion and Analysis*" above. Additionally, as Options form a significant portion of compensation, the total compensation for the Named Executive Officers is affected by increases and decreases in the price of the Common Shares as the value of such Options decrease as the Common Share price decreases.

The trading price of the Common Shares on the TSX is subject to fluctuation based on a number of factors, many of which are outside the control of the Corporation. These include, but are not limited to, fluctuations and volatility in commodity prices for crude oil and natural gas, global economic conditions, changes in government, environmental policies, legislation and royalty regimes, and other factors, some of which are disclosed and discussed under the heading "*Risk Factors*" in the Corporation's annual information form the year ended December 31, 2021.

## Notes:

- (1) The grant date fair value for compensation purposes is calculated using Black-Scholes Option pricing methodology. Key assumptions used in the pricing model for 2021, 2020, and 2019, respectively, were: dividend yield: 2021 – nil, 2020 – nil and 2019 – nil; expected volatility: 2021 – 32%, 2020 – 32% and 2019 – 21%; risk-free interest rate: 2021 – 0.58%, 2020 – 0.32% and 2019 – 1.61%; and weighted average life: 2021 – 2.0 years, 2020 – 2.0 years and 2019 – 2.0 years. The Black-Scholes Option pricing methodology was selected due to its acceptance as an appropriate valuation model used by similar sized oil and gas companies.
- (2) 2021 amounts reflect bonuses earned with respect to the mid-year bonus and the 2021 performance bonus. The 2021 performance bonus was paid in 2022. No bonuses were paid to the NEOs in respect of 2020 performance. 2019 amounts reflect bonuses earned with respect to 2019 performance but paid in 2020.
- (3) The value of perquisites received by each of the NEOs, including property or other personal benefits provided to the NEOs that are not generally available to all employees, were not in the aggregate greater than \$50,000 or 10% of the NEO's total salary for the financial year.
- (4) Effective April 1, 2020, the salaries of all Named Executive Officers were reduced by 20%. Effective March 1, 2021, all salaries were restored to their previous levels.

None of the NEOs hold, or have ever been granted, share-based awards. The Corporation does not provide any pension benefits.

## Incentive Plan Awards

### Option Plan

The Option Plan limits the number of Common Shares that may be subject to Options granted and outstanding under the Option Plan, and any other share compensation arrangements established by the Corporation, at any time to 10% of the outstanding Common Shares.

Options granted pursuant to the Option Plan have a term as determined by the Board and vest in such manner as determined by the Board. Options which expire during a blackout period (as defined in the Option Plan) or within nine business days following the expiration of a blackout period, shall be extended for a period of ten business days after the end of such blackout period. Options granted under the Option Plan are non assignable. The exercise price of Options granted is determined by the Board at the time of grant and, if at such time the Common Shares are listed on a stock exchange, the weighted average trading price per Common Share on an a stock exchange for the last five (5) consecutive trading days immediately prior to the date of grant or such other minimum price that may be prescribed by such exchange.

The number of Common Shares that may be issued under the Option Plan are subject to the following additional limitations: (i) the number of Common Shares reserved for issuance at any time, pursuant to the Option Plan and all

other established or proposed share compensation arrangements of the Corporation, to insiders of the Corporation shall not exceed 10% of the outstanding Common Shares and the number of Common Shares issued within one year, pursuant to the Plan and all other established or proposed share compensation arrangements of the Corporation, to any one insider and such insider's associates shall not exceed 10% of the outstanding Common Shares; and (ii) the aggregate number of Common Shares that may be reserved for issuance pursuant to the exercise of Options awarded to directors who are not officers or employees of the Corporation ("**Non-Management Directors**") under the Option Plan shall not exceed in the aggregate 1% of the Common Shares outstanding from time to time and the aggregate value of Options granted to any one Non-Management Director in any one year period shall not exceed \$100,000.

Although the Option Plan provides that, unless otherwise determined by the Board, Options will expire five (5) years from the date of grant, in August 2016 the Board determined that any future Options granted (unless otherwise determined) would expire 30 business days following the date the Options vest. In the absence of any determination by the Board to the contrary, Options will vest and be exercisable as to one-third (1/3) of the total number of Common Shares subject to the Options on each of the first, second and third anniversaries of the date of grant, computed in each case to the nearest full Common Share (subject to acceleration of vesting at the discretion of the Board).

In case of death of an Optionee (as defined in the Option Plan), Options terminate on the date determined by the Board which may not be more than 12 months from the date of death and, if the Optionee ceases to be a director, officer or employee of, or to provide ongoing management or consulting services (for reason other than death) to, the Corporation, Options terminate on the expiry of a period not in excess of six (6) months as determined by the Board at the time of grant. In the absence of any determination by the Board to the contrary, the Options will terminate thirty (30) days following the date that the Optionee ceases to be an officer, director or employee of, or to provide ongoing management or consulting services to, the Corporation, as the case may be. In each case, the Optionee is entitled to exercise those Options that the Optionee was entitled to exercise on the date of death or the date the Optionee ceased to be an officer, director or employee of, or to provide ongoing management or consulting services to, the Corporation, as the case may be. An Optionee may make an offer ("**Surrender Offer**") to the Corporation, at any time, for the disposition and surrender by the Optionee to the Corporation of any Options granted for an amount in cash or in Common Shares equal to the difference between the fair market value of the Common Shares underlying the Options (if Common Shares are listed on a stock exchange, fair market value will be the weighted average trading price per Common Share on a stock exchange for the last five (5) consecutive trading days immediately prior to the date of grant or such other minimum price that may be prescribed by such exchange) and the exercise price of such Options and the Corporation may, but is not obligated to, accept the Surrender Offer.

The Option Plan provides that if a grantee is terminated in connection with a "Change of Control" (as defined in the Option Plan) or voluntarily resigns within six (6) months of such Change of Control for "Good Reason" (as such term is defined in the Option Plan) then all Options held by such grantee will vest and be exercisable.

If approved by the Board, Options may provide that, whenever the shareholders receive a take-over proposal (a "**Take-over Proposal**"), such Option may be exercised as to all or any of the Common Shares in respect of which such Option has not previously been exercised (including in respect of Common Shares not otherwise vested at such time) by the Optionee, but any such Option not otherwise vested and deemed only to have vested in accordance with the foregoing may only be exercised for the purposes of tendering to such Take-over Proposal.

The Board may make certain amendments to the Option Plan or discontinue the Option Plan at any time without the consent of the participants as permitted by the provisions of the Option Plan and, if required, subject to the approval by any exchange on which the Common Shares are listed. However, the Board may not amend the Option Plan without Shareholder approval with respect to: (i) increasing the number of Common Shares reserved for issuance under the Option Plan or the Option Plan maximum; (ii) reduce the exercise price of any Options granted; (iii) extend the expiry date of any outstanding Options other than as permitted in the Option Plan; (iv) permit a holder of Options to transfer or assign Options to a new beneficial holder, other than for estate settlement purposes; (v) any amendment to increase the number of Common Shares that may be issued to insiders above the restrictions contained in the Option Plan; (vi) increase the number or value of Common Shares reserved for issuance or permitted to be issued or granted to Non-Management Directors; or (vii) any amendments to the amendments section of the Option Plan. Other than as listed above, the Corporation may make such amendments to the Option Plan and any Options granted thereunder without the approval of Shareholders in accordance with the provisions of the Option Plan.

### **Pension Plan Benefits**

The Corporation does not have a pension plan or similar benefit program.

### **Termination and Change of Control Benefits**

The Corporation has entered into executive employment agreements, as amended from time to time (the "**Employment Agreements**") with each of the NEOs. The Employment Agreements continue indefinitely until terminated in accordance with the terms thereof and the annual salary payable thereunder is subject to annual review. NEOs are entitled to participate in any benefit plans adopted by the Corporation.

The Employment Agreements may be terminated by the Corporation for just cause at any time without any payment, other than salary owing for services rendered up to and including the last day of employment and outstanding vacation pay. The Corporation may terminate an Employment Agreement without just cause upon paying the NEO all salary earned but not paid to the termination date, all vacation pay due and owing to such date and a retiring allowance (as calculated in accordance with the Employment Agreements) of the sum of:

For the CEO:

- (a) two (2) years of the CEO's annual base salary as at the Cessation Date (as defined in the CEO's Employment Agreement); and

- (b) an amount equal to two times (2x) the bonus amounts, if any, paid in the twelve (12) month period immediately preceding the Cessation Date.

For the CFO:

- (a) eighteen (18) months of the CFO's annual base salary as at the Cessation Date (as defined in the CFO's Employment Agreement); and
- (b) an amount equal to one and a half times (1.5x) the bonus amounts, if any, paid in the twelve (12) month period immediately preceding the Cessation Date.

For all other NEOs:

- (a) six (6) months of the NEO's annual base salary as at the Cessation Date (as defined in the Employment Agreements) plus three months for every completed year of service, to a maximum of 12 months; and
- (b) an amount equal to one half (1/2) the bonus amounts, if any, paid to the NEO in the twelve (12) month period immediately preceding the Cessation Date.

In addition, an NEO may terminate his or her Employment Agreement within six (6) months following the occurrence of a change of control if there is an event which constitutes "Good Reason" (as defined in each of the Employment Agreements), which includes: material adverse change by the Corporation and without the agreement of the NEO, in the NEO's salary, title or lines of reporting, or the requirement that the NEO be based anywhere other than the Corporation's Calgary office on a normal and regular basis, such that immediately after such change or series of changes, the responsibilities and status of the NEO, taken as a whole, are not at least substantially equivalent to those assigned to the NEO immediately prior to such change, or any reason which would constitute constructive dismissal, in which case the NEO shall also be entitled to the termination payments outlined above. In exchange for payment of the retiring allowance, the NEO agrees to provide a release in an agreed upon form. Pursuant to the terms of the Employment Agreements, the NEOs recognize their obligation not to disclose confidential information and to refrain from using such information for purposes other than authorized by the Corporation both during and after termination of employment.

In consideration for each of the Named Executive Officers agreeing to the salary reductions in April 2020, Gear agreed that for the purposes of determining the retiring allowance under the Employment Agreements the salary of each such Named Executive Officer prior to the reduction would be used.

If the Employment Agreements were terminated by the Corporation, other than for just cause or by the respective NEOs for Good Reason following a change of control, at December 31, 2021, the aggregate amount payable thereunder would have been \$1,626,000. Under the terms of the Option Plan, if a grantee is terminated in connection with a "Change of Control" (as defined in the Option Plan) or voluntarily resigns within six (6) months of such Change of Control for "Good Reason" (as such term is defined in the Option Plan) then all Options held by such grantee will vest and be exercisable. Options may also accelerate vesting at the discretion of the Board in the event of a Take-over Proposal (see "*Statement of Executive Compensation – Incentive Plan Awards – Option Plan*"). Specifically, the total termination payments that would have been received by each of the Corporation's NEOs and the value of Options that would have vested are as follows:

Named Executive Officers	Change of Control Pursuant to Employment Agreements (\$)	Value of Outstanding Options at December 31, 2021 <sup>(1)</sup> (\$)
Ingram B. Gillmore President and CEO	575,000	896,060

Named Executive Officers	Change of Control Pursuant to Employment Agreements (\$)	Value of Outstanding Options at December 31, 2021 <sup>(1)</sup> (\$)
David Hwang Vice President, Finance and Chief Financial Officer	393,750	505,680
Jason Kaluski Vice President, Operations	225,500	453,900
Bryan Dozzi Vice President, Engineering	225,500	487,700
Dustin Ressler Vice President, Exploration	206,250	407,570
<b>Total:</b>	<b>1,626,000</b>	<b>2,750,910</b>

Note:

- (1) Calculated based on the difference between the closing market price of the Common Shares on December 31, 2021 (\$0.91) and the exercise price of the Options.

### Director Compensation

During 2021, the annual fees paid to independent members of the Board were as follows: (i) \$31,000 per year to each director as a base director fee; (ii) \$8,000 per year as an additional fee for the chair of the Audit Committee; (iii) \$5,000 per year as an additional fee for the chair of the Reserves Committee; (iv) \$4,000 per year as an additional fee for the chair of the CGC&S Committee; and (v) \$15,000 per year as an additional fee for the chair of the Board (collectively, the "**Board Member Fees**"). One half of the applicable Board Member Fee is tied to the price performance of the Common Shares in the given year based on the volume weighted average price of the Common Shares on the TSX for the last ten (10) trading days prior to the applicable year end as compared to the volume weighted average price of the Common Shares on the TSX for the last ten (10) trading days of the prior year and subject to a maximum 2x multiplier.

Board members are also eligible to participate in the Option Plan. The number of Options awarded to directors will be determined by criteria to be established by the CGC&S Committee. The Option grants during the year ended December 31, 2021 included grants to independent directors of 1,287,000 Options.

The Option Plan provides that the aggregate number of Common Shares that may be reserved for issuance pursuant to Options granted to Non-Management Directors shall not exceed 1% of the Common Shares outstanding from time to time and the aggregate value of Options granted to any one Non-Management Director in any one year period shall not exceed \$100,000. The Board will not be able to amend the limits on the number of Options issuable to Non-Management Directors without the approval of the Shareholders.

The Corporation will also reimburse directors for all reasonable expenses incurred in order to attend meetings.

### *Directors' Summary Compensation Table*

The following table sets forth, for the year ended December 31, 2021, information concerning the compensation paid to the Corporation's directors, other than directors who are also Named Executive Officers.

Notes:

- (1) The grant date fair value for compensation purposes is calculated using Black-Scholes Option pricing methodology. Key assumptions used in the pricing model for 2021 were: dividend yield: nil; expected volatility: 32%; risk-free interest rate: 0.58%; and weighted average life: 2.0 years. The Black-Scholes Option pricing methodology was selected due to its acceptance as an appropriate valuation model used by similar sized oil and gas companies.
- (2) None of the directors hold, or have ever been granted, share-based awards. The Corporation does not provide any pension benefits.

## CORPORATE GOVERNANCE

Set forth below is a description of the Corporation's current corporate governance practices, as prescribed by Form 58-101F1, of National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("NI 58-101").

### 1. Board of Directors

- (a) **Disclose the identity of directors who are independent.**

The following six (6) directors of the Corporation are independent (for purposes of NI 58-101):

Don T. Gray (Chairman)  
 Greg Bay  
 Harry English  
 Scott Robinson  
 Wilson Wang  
 Bindu Wyma

- (b) **Disclose the identity of directors who are not independent, and describe the basis for that determination.**

Ingram Gillmore is not independent as he occupies the position of President and Chief Executive Officer of the Corporation.

- (c) **Disclose whether or not a majority of directors are independent. If a majority of directors are not independent, describe what the board of directors does to facilitate its exercise of independent judgement in carrying out its responsibilities.**

A majority of the directors of the Corporation (currently six of seven) are independent. Six of the seven proposed nominees are independent.

- (d) **If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.**

The following directors are presently directors of other issuers that are reporting issuers (or the equivalent):

<u>Name</u>	<u>Name of Reporting Issuer</u>
Don T. Gray	Peyto Exploration & Development Corp. Petrus Resources Ltd.
Greg Bay	New Stratus Energy Inc.

- (e) **Disclose whether or not the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most recently completed financial year. If the independent directors do not hold such meetings, describe what the Board does to facilitate open and candid discussion among its independent directors.**

At the end of or during each meeting of the Board, the members of management of the Corporation and the non-independent director of the Corporation who are present at such meeting leave the meeting in order for the independent directors to meet. In addition, as all committees are comprised of independent directors, all committee meetings also serve as forums for discussion amongst independent members of the Board. In addition, other meetings of the independent directors may be held from time to time if required. The Chairman of the Board also communicates informally, from time to time, with the independent members including discussions required on written consent resolutions that are approved from time to time.

The Chairman presides at all meetings of the Board and, unless otherwise determined, at all meetings of shareholders and to enforce the rules of order in connection with such meetings. The Chairman is to provide overall leadership to the Board without limiting the principle of collective responsibility and the ability of the Board to function as a unit. The Chairman is to endeavour to fulfill his Board responsibilities in a manner that will ensure that the Board is able to function independently of management and is to consider, and allow for, when appropriate, a meeting of independent directors, so that Board meetings can take place without management being present. The Chairman is also to endeavour to ensure that reasonable procedures are in place to allow directors to engage outside advisors at the expense of the Corporation in appropriate circumstances.

- (g) **Disclose the attendance record of each director for all Board meetings held since the beginning of the issuer's most recently completed financial year.**

The mandate of the Board is attached to this Information Circular as Schedule "A".

3. **Position Descriptions**

4. **Orientation and Continuing Education**

- (a) **Briefly describe what measures the Board takes to orient new directors regarding (i) the role of the Board, its committees and its directors, and (ii) the nature and operation of the issuer's business.**

While the Corporation does not currently have a formal orientation and education program for new recruits to the Board, the Corporation has historically provided such orientation and education on an informal basis. As new directors join the Board, management will provide these individuals with corporate policies, historical information about the Corporation, as well as information on the

Corporation's performance and its strategic plan with an outline of the general duties and responsibilities entailed in carrying out their duties. The Board believes that these procedures will prove to be a practical and effective approach in light of the Corporation's particular circumstances, including the size of the Corporation and the experience and expertise of the members of the Board. The CGC&S Committee has the responsibility and duty to work with management of the Corporation to facilitate an education and comprehensive orientation program for new members of the Board and a continuing education program for all directors.

- (b) **Briefly describe what measures, if any, the Board takes to provide continuing education for its directors. If the Board does not provide continuing education, describe how the Board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors.**

Presentations are made regularly to the Board and committees to educate and inform them of changes within the Corporation and on appropriate other subjects such as regulatory and industry requirements and standards, capital markets, commodity pricing and corporate governance. Historically, the Audit Committee has quarterly presentations on emerging trends and issues in the accounting and audit fields from management. During the year ended December 31, 2021, the auditor of the Corporation was present at all Audit Committee meetings in which financial statements were recommended for approval by the Audit Committee. The Board has quarterly presentations on operational results and technical and regulatory issues pertaining to reserves evaluation from management and the independent reserves evaluator is present at a minimum of one of the Board meetings each year. The Corporation's legal counsel provides the Board with periodic updates on corporate governance "best practices" and management provides the Board with reports on new legislation or regulation relating to health, safety and environmental matters.

The Corporation also encourages the directors to attend, enrol or participate in courses and/or seminars dealing with financial literacy, corporate governance and related matters and has agreed to pay the cost of such courses and seminars. Each director of the Corporation has the responsibility for ensuring that he maintains the skill and knowledge necessary to meet his obligations as a director. The CGC&S Committee has the responsibility and duty to work with management of the Corporation to facilitate an education and comprehensive orientation program for new members of the Board and a continuing education program for all directors.

## 5. Ethical Business Conduct

- (a) **Disclose whether or not the Board has adopted a written code for the directors, officers and employees. If the Board has adopted a written code:**

Officers, employees and contractors are required to sign regular acknowledgements that they have read and understand the Code. Any reports of variance from the Code will be reported to the Board. In accordance with the ABCA, directors who are a party to, or are a director or an officer of a person which is a party to, a material contract or material transaction or a proposed material contract or proposed material transaction are required to disclose the nature and extent of their interest and not to vote on any resolution to approve the contract or transaction. In addition, in certain cases, an independent committee of the Board may be formed to deliberate on such matters in the absence of the interested party. Any potential conflicts of interest must be reported immediately to senior management.

- (c) **Describe any other steps the Board takes to encourage and promote a culture of ethical business conduct.**

The Board has also adopted a Whistleblower Policy which provides employees with the ability to report, on a confidential and anonymous basis, any violations within the organization, including (but not limited to) questionable accounting practices, inadequate internal accounting controls, the misleading or coercion of auditors, disclosure of fraudulent or misleading financial information and instances of corporate fraud. The Board believes that providing a forum for employees to raise concerns about ethical conduct and treating all complaints with the appropriate level of seriousness fosters a culture of ethical conduct within the Corporation.

The Board has also adopted a Disclosure, Confidentiality and Trading Policy which provides guidance on disclosure of material information and maintaining confidentiality and restrictions on trading securities of the Corporation.

## 6. **Nomination of Directors**

Pursuant to its mandate, the CGC&S Committee, in conjunction with the Board Chairman, is responsible for recommending suitable candidates as nominees for election or appointment as director, and, in consultation with the Board, in recommending the criteria governing the overall composition of the Board and governing the desirable characteristics for directors. In making such recommendations, the CGC&S Committee, in consultation with the Board, is to consider: (i) the competence and skills that the Board considers to be necessary for the Board, as a whole, to possess; (ii) the competence and skills that the Board considers each existing director to possess; (iii) the competencies and skills that each new nominee will bring to the Board; and (iv) whether or not each new nominee can devote sufficient time and resources to his or her duties as a member of the Board.

The CGC&S Committee is also to review on a periodic basis the composition of the Board to ensure that an appropriate number of independent directors sit on the Board, and analyze the needs of the Board and recommend nominees who meet such needs.

- (b) **Disclose whether or not the Board has a nominating committee composed entirely of independent directors. If the Board does not have a nominating committee composed entirely of independent directors, describe what steps the Board takes to encourage an objective nomination process.**

The CGC&S Committee, which is responsible for nominating directors, is comprised of only independent directors.

- (c) **If the Board has a nominating committee, describe the responsibilities, powers and operation of the nominating committee.**

See item 6(a).

## 7. **Compensation**

### *Compensation of Directors*

For a description of the compensation of directors of the Corporation, see "*Statement of Executive Compensation – Director Compensation*".

- implement and administer compensation policies and guidelines concerning executive compensation and benefits concerning the following:
  - executive compensation, contracts, stock plans or other incentive plans; and
  - proposed personnel changes involving officers reporting to the Chief Executive Officer;
- from time to time, review the Corporation's broad policies and programs in relation to benefits;
- annually receive from the Chief Executive Officer recommendations concerning annual compensation policies;
- from time to time, review with the Chief Executive Officer the Corporation's broad policies on compensation;
- review and endorse, as deemed appropriate, major changes in the organizational structure of management as proposed by the Chief Executive Officer; and
- review and recommend to the Board for approval, the compensation committee report and statement of executive compensation for inclusion in the public disclosure documents.

The CGC&S Committee is required to be comprised of at least three directors, or such greater number as the Board may determine from time to time. All members of the CGC&S Committee are required to be independent, as such term is defined for this purpose under applicable securities law requirements. Pursuant to the mandate and terms of reference of the CGC&S Committee, meetings of the CGC&S Committee are to take place regularly in each year on such dates and at such locations as the Chair of the CGC&S Committee shall determine and may also meet at any other time or times on the call of the Chair of the CGC&S Committee or any two of the other members.

8. **Other Board Committees – If the Board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.**

In addition to the Audit Committee and the CGC&S Committee, the Corporation has established a Reserves Committee. The Reserves Committee is comprised entirely of independent directors.

- generally reviewing all matters relating to the preparation and public disclosure of estimates of the Corporation's reserves.

Without limiting the generality of the foregoing, the CGC&S Committee has the following duties relating to corporate governance matters:

Copies of the mandates of each of the Audit Committee, the CGC&S Committee and the Reserves Committee are available on Gear's website at [www.gearenergy.com](http://www.gearenergy.com).

9. **Assessments – Disclose whether or not the Board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the Board satisfies itself that the Board, its committees, and its individual directors are performing effectively.**

The Board assesses the effectiveness of the Board, its committees and the effectiveness and contributions of individual directors by way of an annual written questionnaire distributed to each Board member. The questionnaire provides an opportunity for each Board member to provide a peer review of the performance of all of the other members of the Board. The Board also satisfies itself with respect to the effectiveness of the Board, its committees and individual directors by monitoring, on an informal basis, whether the objectives of each of the Board and the Corporation are being achieved and whether the responsibilities of each of the Board, its committees, its individual directors and the Corporation are being fulfilled.

10. **Director Term Limits and Other Mechanisms of Board Renewal**

The Board does not believe that fixed term limits or mandatory retirement ages are in the best interest of the Corporation. While term limits ensure fresh viewpoints on a Board, they also cause a company to lose the valuable contributions of those directors who best understand the business of Gear and the challenges it faces.

However, when considering nominees for the Board, the CGC&S Committee reviews the skills and experience of the current directors of the Corporation to assess whether the Board's skills and experience need to be strengthened in any area. In addition to considering the skills and experience of the Board, the CGC&S Committee also assesses the knowledge and character of all nominees to the Board and other factors such as independence of the directors to ensure that the Board is operating effectively and independently of management. The CGC&S Committee considers both the term of service and age of individual directors, the average term of the Board as a whole and turnover of directors over the prior years when proposing nominees for election of the directors of the Corporation. The CGC&S Committee considers the benefits of regular renewal in the context of the needs of the Board at the time and the benefits of the institutional knowledge of the Board members.

11. **Policies Regarding the Representation of Women on the Board**

The Board has adopted the Board and Management Diversity and Board Renewal Policy (the "**Diversity and Renewal Policy**") that addresses the identification and nomination of women directors of the Corporation. Specifically, and pursuant to the Diversity and Renewal Policy, the CGC&S Committee reviews the number of women and candidates of other underrepresented groups actually appointed and serving on the Board and in management to evaluate whether it is desirable to adopt additional requirements or policies with respect to the diversity of the Board and management. In addition to its own search, the CGC&S Committee may engage an outside executive search firms to assist the CGC&S Committee in identifying candidates for appointment to the Board or as executive officers to ensure that diverse candidates with the skills, knowledge, experience and character are brought forward for consideration.

The Board believes that Board nominations and executive officer appointments should be made on the basis of the skills, knowledge, experience and character of individual candidates and the requirements of the Board and management at the time. The Corporation is committed to a meritocracy and believes that considering the broadest group of individuals who have the skills, knowledge, experience and character required to provide leadership needed to achieve our business objectives, without reference to their age or gender is in the best interests of the Corporation and all of its stakeholders.

Despite its commitment to meritocracy, if and when the Board intends to add members to the Board or to replace a retiring Board member, the Board intends to ensure that the search for candidates includes searching for women with the necessary skills and experience to complement the skills and experience of the Board members remaining on the Board. The Board currently believes that the Board is the right size and that the current members have an appropriate mix of skills and experience for the Board and each of its committees to operate effectively and as such there is no need to add or replace any members of the Board.

12. **Consideration of the Representation of Women in the Director Identification and Selection Process**

In keeping with the Corporation's commitment to meritocracy, but to ensure the effectiveness of Diversity and Renewal Policy, the CGC&S Committee reviews: (i) the number of women and candidates from other underrepresented groups considered or brought forward as potential nominees for Board positions when the Board is looking to add additional members or to replace existing members; and (ii) the skills, knowledge, experience and character of any such candidates relative to other candidates, to ensure that women candidates and candidates of other underrepresented groups are being fairly considered relative to other candidates.

13. **Consideration Given to the Representation of Women in Executive Officer Appointments**

In keeping with the Corporation's commitment to meritocracy, but to ensure the effectiveness of Diversity and Renewal Policy, the CGC&S Committee reviews: (i) the number of women and candidates from other underrepresented groups considered or brought forward as potential candidates when the Board is looking for candidates for executive positions when such positions become available; and (ii) the skills, knowledge, experience and character of any such candidates relative to other candidates, to ensure that women candidates and candidates of other underrepresented groups are being fairly considered relative to other candidates.

**14. Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions**

Beyond empowering the CGC&S Committee to review the number of women and candidates of other underrepresented groups actually appointed and serving on the Board and in management to evaluate whether it is desirable to adopt additional requirements or policies with respect to the diversity of the Board and management, the Corporation has not imposed specific quotas or targets regarding the representation of women on the Board and in executive officer positions. The Board believes that imposing specific quotas or targets regarding the representation of women in executive officer positions would compromise the principles of meritocracy.

**15. Number of Women on the Board and in Executive Officer Positions**

There are presently two members of underrepresented groups (specifically, visible minorities) serving on the Board representing 29% of the current directors and 29% of proposed nominees. There is presently one woman serving on the Board representing 14% of the current directors and 14% of proposed nominees.
