Position Summary

Gear Energy is a publicly traded E&P company with heavy and medium oil assets in East Central Alberta and Saskatchewan as well as light oil properties in Central Alberta and Southeast Saskatchewan. We are currently ~6,000 boe/d, well positioned for a range of opportunities to grow our company and continue to support our strong dividend. Our strategy for success includes organic growth for which we currently hold a multi-year inventory of prospects as well as employing a calculated approach to new oil play exploration and acquisitions. Decision-making at Gear is value based, analytical, and collaborative. Please see the corporate presentation on the Gear Energy website for additional details.

Gear has an immediate opening for an Infield Water Hauler. We are looking for a Leased Operator to pull Gear's trailer for water hauling within our Wildmere/Vermillion locations. This is a full-time position, working a day shift 7 & 3, 7 & 4 rotation.
